CREATES WATER BOARD

City Council Appoints Commission to Carry On Condemnation Fight

Dornin and Pendleton, With One Other, to Compose Personnel

ADOPT RESOLUTION

The following resolution was unanimously adopted by the City Council last night, virtually creating a commission on water to continue the direction fight for condemnation after this council goes out of office.

Whereas, The Council has taken the initial step leading to the acquisition of a municipal water supply; and

Whereas, In the development of the plan the Council will need information and advice on many technical questions, therefore, be it

Resolved, That a committee of three be appointed by the chair, including the president, to be known as the "Municipal Water Supply Committee." This committee is to be made up of persons well-informed on matters pertaining to the water question and may or may not be members of the City Council.

It shall be the duty of this committee to advise the Council on all matters pertaining to the water question, and to submit its recommendations in writing from time to time.

The members of said committee shall serve without compensation.

By a strategic move in the contest with the water company, the city council last night gave notice that it was ready to settle down to a hard fight to the finish to gain control of the big corporation's holdings by carrying the matter through the court in order to obtain the property at a reasonable price. The move was the creation of a committee on water, not made up of members of the council, but holding office indefinitely at the will of the city administration, to act in the capacity of a water commission, and carry over the proceedings from this council over into the next.

It was by the water committee, or commission on water, that the Los Angeles procedure toward municipal ownership and successful operation under municipal ownership was handled. The creation of such a committee indicates that the new administration has joined hands with the old city council and means to carry forward the policy of condemning and taking over the Peoples Water Company plant to a successful conclusion. It is probable that the water commission to be created with power to act, partly in an advisory and partly in an ministerial capacity, will be placed in control of the municipal water plant should the voters decide to acquire the property.

INTRODUCED BY BACCUS.

The resolution bringing the commission on water into being was introduced last night by Councilman William J. Baccus, a member of the new city council to take office July 1. It was endorsed by other members of the council, stamping this measure as an administration policy. The significance of this action lies in its setting forth the fact that the initiation of condemnation proceedings was not merely a move in the rate-fixing negotiations, but the commencement of a well-defined campaign to obtain a fair physical valuation upon the property, and take it

DALTON'S JUDGES NAMED

Either Wm. S. Wells or Everett J. Brown to Sit at the Assessor's Trial

Accused County Official May Demand Elisor to Get Special Venire

Either Judge William S. Wells or Judge Everett J. Brown will preside at the trial of County Assessor Henry P. Dalton on the grand jury indictment in which he is charged with asking for and accepting a bribe of \$5000 from the Spring Valley Water Company, which is set down to begin June 22, in the criminal department of the Superior Court. This announcement was made today by District Attorney William H. Donahue. Judge Brown will take two weeks of his annual vacation, beginning next week, and will be present to take charge of the Dalton matter in the event that circumstances make it necessary.

Judge Wells is the regular presiding officer of the criminal department of the Superior Court and everything being equal the trial of Dalton would fall to him. But for several months past the jurist has been very ill and incapacitated for duty. At the present time, however, he is convalescing slowly and it is believed that he will be physically able at the time the Dalton case comes up to stand the strain of the trial. If so, he will hear the case; if not, then it will devolve upon Judge Brown, who was Judge Wells' predecessor as presiding officer of the criminal department, to conduct the trial.

DONAHUE TALKS

Speaking on the subject this forenoon District Attorney Donahue said: "If the physical condition of Judge Wells will warrant his undertaking the work he will conduct the Dalton trial. If not, then Judge Brown will preside. Both jurists will be present on the date set for the hearing, but only Judge Wells' physical incapacity will prevent him handling the case."

It is understood from a very reliable source that the attorneys for County Assessor Dalton have not as yet arrived at any conclusion as to the defense they will set up for their client. They are making an exhaustive search of the law covering all phases of Dalton's case preliminary to conferring with him for the purpose of adopting a line of defense. That the defense will be purely technical seems to be the opinion of most lawyers who have an intimate knowledge of the case, one of whom said this morning: "Technicalities will figure largely in Dalton's defense. The county assessor will also trust largely to luck with a view to a jury disagreement. That he will demand an alibi to get a special venire seems to be a strong probability at the present time, and if the court grants this demand he may be lucky enough to get a jury to his liking. Of course, all this is speculative, but in the face of facts it seems to be based upon good reasoning."

Insurrectos Fire On Auto Pathfinder

Cadillac, in Los Angeles-Phoenix Road Race, Is Peppered With Bullets by Rebel Band.

YUMA, Ariz., June 6.—As the Cadillac automobile, acting as the second pathfinder in the annual Los Angeles-to-Phoenix road race was passing Mexicali late yesterday, it was fired upon by a band of Socialist insurrectos still camping near that border town. The driver, in full speed and drove by without stopping, followed by a shower of bullets. Two bullets struck the car, but no one was hit. The car reached Yuma at 6 p. m. and left for Phoenix at 8 p. m., following the Inter-California road.

Broadway Property Sold To Couple for \$35,000

Through a deal consummated this week, Ben G. Cary of this city and Dr. Albert W. Kirk of San Francisco become the owners of property located at Twentieth and Broadway, possessing a frontage of sixty-seven feet, for which they paid \$35,000. The deal was consummated by the firm of Taylor Brothers, the party

from whom the land was purchased being Mrs. Hautbine. It is the intention of the purchasers to make improvements to the exact nature of which has not yet been decided upon. It was stated today that they would hold the property and that the deal had not been made with speculative intent, as far as the present is concerned, at least.

Pumps Expose Confused Mass of Wrecked Maine

HAVANA, June 6.—The work of pumping the water out of the cofferdam, which was built around the wreck of the battleship Maine, was resumed this morning. The greater part of the afterdeck is visible, showing the confused masses of wreckage covered with marine growth. The forward part of the ship, on which

the greatest force of the explosion was exerted, is still submerged. It is the intention of the army engineers to proceed slowly with the pumping until 5 o'clock this evening and then suspend operations until the arrival of the board of the American army officers tomorrow, after which the work will proceed rapidly.

Youthful Pirates Seize Schooner and Kill Owner

CUX HAVEN, Germany, June 6.—Two youths who had carefully prepared an expedition of piracy seized a fishing schooner here today. They were armed with rifles and plentifully supplied with ammunition and when the owner of the vessel attempted to recover his boat they shot him dead.

Several other vessels in the harbor attempted to capture the schooner, but they were stood off by the "pirates" until the arrival of a force of police in a government steamer, when the young men were overpowered.

Question of Suspending Officer Pending Hearing Brought Before Judge

Theodore Bell Presents Arguments on Behalf of the Police Board

SAN FRANCISCO, June 6.—That the trial of Chief of Police John F. Seymour will not be restrained by the orders already issued by Judge Seawell was indicated by the court during this morning's hearing. Judge Seawell plainly stated that the injunction and writ of review would not stop the commissioners from trying the case and from this it is thought unlikely that the court will issue another injunction preventing the board from going ahead.

The arguments on the motion of Attorney Bell to set aside the writ of review and the injunction were concluded at noon and Judge Seawell asked for a list of authorities and took the matter under advisement.

SAN FRANCISCO, June 6.—The scene of the controversy which has been revolving around the head of Chief of Police Seymour for two weeks past, was shifted to Judge Seawell's court this morning when Attorney Theodore Bell asked that the writ be recalled and vacated and that the injunction preventing the commissioners from suspending the chief be also removed.

Chief of Police Seymour was not present when the hearing opened, but was represented by Attorney Peter F. Dunn and Judge Smith. Later Seymour entered and stood at the back of the courtroom for half an hour while Dunn was speaking for him.

The court allowed the morning arguments. It was an attempt to determine today the matter of the writ of review and the restraining order instead of Friday next and thus pave the way for the trial of Chief Seymour before the board of police commissioners tomorrow afternoon.

BELL OPENS ARGUMENT

In beginning his argument, Bell, special counsel for the police commissioners, declared that as no bond had been filed he would ask the dissolution of the injunction and the removal of the writ of review.

The argument was concerned entirely with the power of the board of police commissioners to suspend the chief of police pending the determination of charges against him. Bell referred first to the charter of San Francisco which gave the board the power to promote, suspend, displace or dismiss any member of the police department. Declaring that there were no cases in the California court bearing upon the point, he went far afield and read from the decisions of other states. In a Missouri opinion an identical state of affairs was recounted wherein the chief of police was charged by the commissioners themselves and tried by them and where the court held that they had power to suspend him.

Bell argued that if the commissioners were putting off the trial, a writ of review and an injunction would be proper, but where they were anxious to proceed

Taft's Son Denied Right to Take Quiz

Unfamiliarity with Rules Costs Student Privilege of Trying for Bar.

COLUMBUS, O., June 6.—Because he was unfamiliar with the rule requiring applicants to register when they begin their study for law, Robert Alphonso Taft, son of President Taft, was denied the privilege of taking the Ohio state bar examination, which began today and will be completed tomorrow afternoon.

Two months ago he wrote to the clerk of the Supreme Court, asking to be registered for the examination. He was advised that because he had not registered when he began to prepare for the law that he could not take the examination now. He probably will take it two years hence.

ONE MYSTERY IN BATHTUB CASE CLEARED

Lawyer Tells Why Mrs. Scheib Was Addressed as Mrs. Sherman.

NEW YORK, June 6. — One mystery in the case of Henry A. Scheib, who is under arrest here charged with the murder of his wife, formerly Elizabeth O'Grady of Springfield, Mass., is cleared up by an explanation of the couple's affairs by Edward O. Towne of Chicago, counsel for Scheib.

Following the discovery of Mrs. Scheib's body in the bathtub last week, and the finding of letters in Scheib's rooms, the police were perplexed by letters addressed to Scheib's wife as "Mrs. Hugh A. Sherman." According to Towne's explanation, Scheib first saw Elizabeth O'Grady at church here one Sunday in 1905.

They met in the same pew so often that they got acquainted and walked in the park together over the German and Irish combination of Scheib and O'Grady.

The girl told him she had taken the name of Lillian Lover as a "translation" of O'Grady, and that she was trying to find a suitable substitute for Scheib so that Lillian's parents would not object to a "Dutchman."

At the time they were passing the Equestrian statue of General Sherman near Central Park and she recognized the adoption of the famous general's name. According to the explanation, Scheib and O'Grady were married as Sherman. The "Hugh" was a pet name which the wife supplied.

REV. C. L. MARRACK IS KILLED IN AUTO CRASH

Noted Divine Meets Death and Four Pastors Are Hurt When Fire Motor Car Skids

roll, did not join the others on the engine.

Death met the merry-makers on the scene of the Black murder of November, 1909, where Robert Black had his sweetheart good-bye and was found, where he had left her, with a bullet through his heart the next morning. It was the sister of a woman's handkerchief that turned the big car from its course and threw Marrack and Carroll under the wheels.

CHAFES PASSENGERS.

"Jimmy" Greene, the driver, who had donned a new uniform in honor of the occasion, was chafing his passengers as the engine went rumbling down "Shady lane" homeward bound. It was a warm, sunny day, and the ministers had been singing as they clung to the footboard of the car. Mrs. Carroll, seeing her guests returning, and wishing to speak to her husband, stepped into the street and waved her handkerchief, as a signal to Greene. The street had just been sprinkled and as the driver put on the emergency brakes the rear wheels skidded on the wet pavement.

The car lurched heavily against a trunk standing out beyond the curb. Marrack and Carroll were caught and crushed. They fell under the car and the wheels passed over them.

The others were injured by being thrown to the ground. Greene stopped the car a few paces farther on and quickly summoned aid. The injured were taken to a local sanitarium.

Greene declared he was driving at the rate of only two miles an hour when the accident occurred. Rev. H. M. Powell, vicar of St. Matthew's church of Berkeley, and several of the other clergymen, said they believed the car to have been moving at the rate of fully five miles an hour.

TAKEN TO HOSPITAL.

Rev. Mr. Lathrop, who had observed the accident, rushed to a telephone to summon the San Rafael emergency ambulance corps, which responded promptly, conveying the two injured men to the sanitarium of Dr. F. J. Hund at Ross. The automobile of Charles Belden, whose residence is opposite the scene of the accident, was also pressed into service to carry to Dr. Hund's place other members of the party, who had been injured in their attempt to save themselves from a worse fate by jumping from the automobile when they believed it to be turning over.

Rev. Clifton Mason, Rev. W. W. Hodgkin, Rev. M. D. Wilson, Rev. H. F. Powell, Rev. R. F. Hart and Rev. J. F. Trivett sustained minor bruises, lacerations and abrasions of the scalp and Rev. Dr. Gresham a fractured wrist and leg. First aid was extended to them at Hund's sanitarium, where it was also extended to the leg of Rev. Mr. Marrack and the arm of Rev. Mr. Carroll, which, it was stated, would necessitate the amputation of his leg. He sustained other injuries, however, that caused his leg, likewise, sustained a fracture of the left thigh.

ATTACH NO BLAME.

All members of the party were unanimous in their declaration that no blame could be attached to William Greene, the engineer in charge of the auto, who, they said, exercised all care possible in the handling of the car.

The four clergymen most seriously injured are recovering rapidly, with the exception of Rev. H. M. Powell, vicar of St. John's Episcopal Church of this place. Rev. Carroll passed a restless night, but appeared improved today. An examination will be made today to determine the extent of his injuries.

Rev. H. F. Powell, vicar of St. Matthew's Episcopal Church, Berkeley, was one of the clergymen who jumped from the machine and escaped with bruises. He had so much confidence in the driver of the engine, he said today, "they probably would have jumped and avoided injury. The man at the steering wheel had shown great skill in running the machine, and handled it well on curves and altogether demonstrated that he was a careful driver."

WHEELS SKID.

"It was on account of his effort to stop the machine when Mrs. Carroll, the

hostess, and Mr. Lathrop, came out into the road ahead at the end of the journey and waited at the motor party, that caused the rear wheels to skid, swinging the back of the engine against a tree. Mr. Marrack and Mr. Carroll remained on the step and were caught between the tree and automobile.

"Mr. Gresham, who suffered a sprained arm, fainted and fell into my arms, although he soon revived. None was seriously injured except Mr. Marrack and Mr. Carroll. Mr. Martz sustained a scalp wound, which bled profusely for a time but proved to be slight."

"Rev. J. G. Gassman, a retired clergyman of Alameda, who is more than 70 years of age, sat on the front seat with the driver and was not injured in the least. He did not jump from the machine."

"We were traveling along a smooth, level road, some of the party wearing firemen's hats and all in a happy frame of mind when the accident occurred."

GREEN'S VERSION.

Chief Engineer Green gave the following version of the occurrence: "The Gorman Engineering Company of San Francisco, through which the town of Ross purchased the automobile engine last November, imposed as one of the conditions of the transaction that the engine should be available for demonstrations to prospective customers. The agents had sent word earlier in the day that two men from Hanford were coming over to Ross to see the engine make a run. Consequently, I prepared the engine and took it out for a preliminary run to warm it up for the demonstration. Rev. Mr. Carroll was entertaining fifteen clergymen at his house, and it was suggested that I take them with me, and ten of them went along."

"We had been out about half an hour and were returning home through Shady lane. Just as we were in front of Charles Belden's residence Mrs. Carroll and her little boy stepped into the road in front of us and signaled us to stop. I proceeded to do so when the rear wheels of the five-ton machine started to skid on the rounding road which had just been sprinkled and was very slippery. Before the heavy machine could be brought to a full stop it had turned almost completely around and collided with a tree. The impact was not sufficient to cause the machine to turn over. The damage to the car will not exceed \$50, but were it not for that amount it would not affect me as much as the thought that the gentlemen who went with me sustained painful wounds and even serious injuries."

STANFORD GRADUATE.

Rev. Marrack, who was killed, was unmarried. He was a graduate from Leland Stanford University as an honor man in 1904. He taught for a year after graduation, at St. Matthew's school, San Mateo. He was graduated from the Episcopal Church Divinity school of San Francisco in 1904, and soon after was ordained deacon to take the place of the junior curate of St. Luke's church of this city. He was admitted to the priesthood in May, 1905, by Rt. Rev. Bishop Nichols, accepting the call as curate of St. Stephen's in San Francisco. The remains of Rev. Cecil Marrack were sent to San Francisco today for interment.

SAN MATEO, June 6.—Because of the sudden death of Rev. C. L. Marrack of San Francisco and the injury of Rev. A. C. Carroll in an automobile accident in Ross Valley yesterday, it was announced last night by Rev. James Otis Lincoln that the annual reunion of alumni of Divinity School, scheduled for this week, has been postponed. A meeting will be held by the alumni next week to adopt proper resolutions of respect for the loss of Rev. Marrack, but the next reunion will not be held until 1912.

NEW YORK, June 6. — News has just reached this city of the death in Gloucestershire, England, of Dr. Edward Grace, the oldest of the Grace brothers, famous the world over as cricket players. Dr. Grace, who was 70 years old, had played cricket for nearly sixty years and had scored 76,700 runs since he learned the game at ten years of age. He was at his best in 1863, when he took part in fifty games and obtained a total of 3074 runs.

NEVADA CITY, June 6.—H. L. Johnson has bonded his famous tightner gold mine at Alleghany, Sierra county, one of the richest properties in the United States to J. M. The bond is for only sixty days, and the amount for which the mine is to be sold if O'Brien takes it in that time is being kept secret. The deal was made in San Francisco.

CHIEF SEYMOUR TO FACE TRIAL BY COMMISSIONERS

and to give the head of the police department a fair and impartial and immediate hearing tomorrow, he did not believe it proper for them to be prevented from suspending a man who might be able to continue his "objectionable practices" even though charges had been preferred against him.

QUESTION OF JURISDICTION.

He held that the only question was whether the board was acting as a judicial tribunal or whether it was exceeding its jurisdiction. He maintained that the commissioners had no jurisdiction to suspend a man without a hearing and that the writ of review should be vacated. After citing from a half-dozen opinions Bell concluded and Attorney Peter Dunne began his argument.

His first point was that the commissioners were endeavoring to rush matters and were seeking to argue on the original writ today instead of on Friday. Counsel continued to argue that the commissioners were not given the right to suspend, but that the suspension was that much in the air by the charter. He quoted at length from Judge Hunt's opinion in the case of Chief of Police George S. Wittman, who was suspended awaiting the preferring of charges. This suspension the court held was not proper.

The entire argument was long and technical and the decisions of eastern courts and the provisions of the statute were frequently referred to.

Attorney C. F. Hanlon, for the police commissioners, concluded. He argued that the injunction was not sweeping and that the commissioners undoubtedly had the right to suspend.

ELLIOT PAINTS MENTAL PICTURE

Councilman Objects to Improvements in Residence District.

Because Councilman Elliot only had "a picture of it in his mind," he objected strenuously last night to the report of the committee on streets upholding the protest against the opening of Bay View avenue off Broadway, in the residence district.

Councilman Everhart explained the situation on behalf of the committee and the people directly affected by the proposed cutting through of the thoroughfare, stating that it was an unimportant street and its opening would not be of any particular advantage to the city at large, while the people to be immediately concerned objected.

Everhart took the stand, backed by Councilman Bacous, declaring that the matter should remain as reported upon.

"I am considering the city at large," said Elliot. "There are too many of these blind streets already."

"Well, I am considering the people of the neighborhood in this instance," said Everhart.

When Elliot admitted that he had not decided on the details of the plan, Councilman Stachler advised that he take the pains to investigate. The resolution sustaining the protest passed by a vote of 6 to 2.

The bill, however, submitted plans approved by the street department providing for a stairway leading into Broadway, to be put in at their expense and that proposition was deemed best for all concerned.

BABY IS VICTIM OF AUTO SMASH

Nine-Months-Old, Robert Beck Dying of His Injuries.

Robert Beck, the nine-months-old son of Edward Beck, an Oakland capitalist, lies at the point of death at the Merritt hospital, this city, as the result of an automobile accident near Livermore, Sunday afternoon, when a big seven-passenger touring car belonging to Beck toppled over an embankment, pinning Beck, his wife and baby and two others of his household beneath the car.

The baby, Robert Beck, had his skull fractured by being crushed against the steering wheel of the car, and was otherwise crushed and bruised, and though the baby was reported as doing well at the hospital this morning little hope is held out for his recovery.

The others in the machine, besides Beck, who was at the wheel, were his mother, Mrs. M. Beck, his 7-year-old son, Edward Beck, Jr., Miss Lucie Dornier, a resident of Portland, who is visiting at the Beck home, and a maid, Miss Marion Nielsen, each of whom escaped with but few bruises.

Mrs. Edward Beck, the mother of the babe, who was holding him, sustained a severe nervous shock and serious bruises. The Beck residence at 293 Lee street, this city, they had started Sunday morning for a day's excursion to Byron Springs. As they were rounding a sharp turn in a hill about midway between Byron and Livermore the car gave way and pitched the machine and its occupants down the embankment.

WATER COMMISSION IS CREATED BY THE COUNCIL

(Continued From Page 1)

over, with or without the approval of the corporation.

Significant also in the light of the future of the water company is the announcement of the personnel of the committee so far decided upon.

DORNIN A MEMBER.

George W. Dornin, former president of the city council and the initiator of the policy of forcing a reduction in the water rates, will be a member of the committee. His appointment was announced last night by President Ben H. Pendleton. He was a member of the board of freeholders, and as a member of the city council several years ago was one of the first to engage in an exhaustive study of the water rate fixing question in order to meet the water company experts on their own ground, well-armed with facts. He was recognized for years as the "warhorse of the city council" in the battle with the water company over rate-fixing.

Under the terms of the resolution, President Ben H. Pendleton was also made a member of the new water commission. The third member will be appointed after a consultation with the members of the new city council.

KNOWS MUCH OF CASE.

President Pendleton is recognized as the man who is most familiar with the rate-fixing matters in dealing with the Peoples Water Company. He is also the author of the plan to invoke the right of eminent domain to condemn the holdings of the water company. He has mapped out a plan of campaign, and by the resolution of the council last night and the announced policy of the new administration, he will continue to have close connection with the city's effort to gain possession of the water company's plant.

KEEN INSIGHT.

President Pendleton is a man of the keenest insight and the highest integrity. Coupled with daring in initiating new precedents, Pendleton is possessed of a painstaking patience in mastering details and intricacies of a subject, making him an ideal member of the water commission. He worked out a plan in the Pendleton-Titus agreement by which the city saved over \$900,000 in four years. In framing this agreement he was able to obtain the acceptance of the Peoples Water Company only as a result of the mastery of figures, data and statistics as to the affairs of the company.

President Pendleton is also given the credit for the terms included in the seventh street franchise to the Southern Pacific Company which proved so advantageous to the city.

In speaking of the resolution passed last night, Councilman Pendleton explained the plan to the council as follows:

EXPLAINS PLANS.

"This plan was tried out in Los Angeles with great success. The members of the committee on water need not be members of the city council, and the committee can be continued by the new city administration after July 1, and can continue as an advisory body until the matter is brought to a conclusion."

"I take great pleasure in announcing that George W. Dornin will be a member of the committee. He is a man well fitted for the work, and as president of this city council did yeoman service for the city."

No report was returned by the city attorney and the city's special counsel as to the details of the recommendation have not been completed.

PIEDMONT TO JOIN.

Piedmont will probably join Oakland in the condemnation proceedings against the Peoples Water Company. It was announced that a chorus of 200 school children will sing patriotic songs and old time melodies. A quartet from Appomattox Post, Grand Army of the Republic, will also sing.

A meeting of the committee will be held Tuesday at which the details of the plan to acquire the Peoples Water Company properties by right of eminent domain exercised by the people, will explain to the Piedmont municipal legislature the method of procedure and will

The celebration will probably be the largest ever held in this city owing to the fact that the exercises will be held out of doors, thus giving thousands of persons an opportunity of attending. The exercises will be held on the west side of Lake Merritt, between the museum and the power house. The plans call for fireworks on the lake at night.

The Columbia Grafonola

marks an epoch in the evolution of the perfect musical instrument.

By its use of Double-Disc talking-machine records, it is in reality a Graphophone—but a Graphophone of marvelous richness of tone, and entirely self-contained—without the horn or other recognizable talking-machine feature. Its construction embodies entirely unique principles of sound-reproduction and of tone-projection.

There are "concealed-horn" talking-machines on the market already. If you will make just one comparison you will own a Grafonola.

You can make this comparison by stepping into our store.

SURVEY STEAMER

Explorer to Cruise Off Alaskan Coast During the Summer.

The United States geodetic survey steamer Explorer has been removed from the Pacific Shipyards and Ways, where it has been under repair for several weeks, to Adams wharf. The vessel is being cleaned up and having a few finishing touches put to it before going to San Francisco to outfit for the north. The Explorer will survey off the Alaskan coast during the summer months. The St. Helena unloaded an unusually large cargo of freight for Oakland concerns yesterday at Adams wharf. Most of it came from the East by the American-Hawaiian line. The steamer Svea, Captain Allen, tied up at Pagan's wharf yesterday and left lumber for that company.

The Svea came from Gray's Harbor and reported fine weather all the way. The steamer Brooklyn unloaded lumber at several of the lumber yards on the upper estuary yesterday. These vessels docked at Long wharf yesterday. The Buckman, Captain Wilson, from Seattle, left mixed freight and loaded merchandise for northern points; the Queen, Captain Day, took freight for Seattle and Vancouver; the San Pedro, Captain Benedictson, from Coos Bay, left 25,000 feet of lumber; the Daisy, Captain Smith, from Columbia river, unloaded 90,000 feet of lumber; the Saginaw, Captain Walz, from San Pedro, loaded cement for Seattle; the Revall, Captain Nelson, from Eureka, left 60,000 feet of lumber.

NEGLECT HORSES TO PRAY.
 CHICO, June 6.—While the Sunday morning services were in progress Mrs. M. E. Hanlon, secretary of the Butte county humane society, made the rounds of all Chico churches. She found 96 horses tied in front of them and only nine had their check-reins loosened. It was a hot morning and the flies were annoying the animals. Mrs. Hanlon unchecked them all and lengthened the tie ropes of several.

MISS MABEL CORMACK TO RULE OVER THE CHERRY FESTIVAL AT SAN LEANDRO

Popular Member of Younger Set Is Honored

SAN LEANDRO, June 6.—Miss Mabel Cormack, one of the most popular girls of the younger set of San Leandro society and a niece of Justice of the Peace D. U. Tofflemire, was last night chosen queen by the committee in charge of the San Leandro cherry festival, which takes place Friday and Saturday. The selection came as a surprise to Miss Cormack and to all her many friends.

A. L. Peralta, descendant of one of the oldest Spanish families of California and whose full title is Don Alonzo Lorenzo Peralta de la Corvoza, will be the judge of the carnival, and with Queen Mabel will reign over the monarchy of mirth.

WILL BE CROWNED.

From the royal palace, the residence of Justice of the Peace D. U. Tofflemire, the queen and the king will be taken to the coronation stand, situated on the town plaza on Estudillo avenue, in an automobile Saturday morning. Chief Deputy District Attorney Phil Carey will then make the coronation address, after which Mayor J. J. Gill will present the key to the city to the royal personages and bid them welcome.

The crowning will be done by King Alonzo, who will then help his consort to the royal float drawn by four snow-white horses, which will head the parade. The float is that which carried the king and queen of the Portola festival through the streets of San Francisco.

WILL BE BIG AFFAIR.

The committee in charge of the arrangements and illuminations reports that all is ready for the largest cherry festival that has ever been held in San Leandro. The festivities will be opened Friday night by Mayor J. J. Gill, who will press an electric button in the city hall, lighting the many thousands of electric lights that have been strung throughout the city.

The spring festival dance by the girls of the San Leandro school will be one of the most interesting features of the carnival and will be held after the reception of the queen.

Sunday afternoon a large delegation of boosters from Alameda, including members of the local chamber of commerce and prominent business men, visited the committee in charge of the festival and made arrangements for the large representation of the Oakland City in the parade. With a congregation from

Alameda, Berkeley, Oakland, Hayward, besides the various fraternal orders, who have signified their willingness to take part in the giant pageant, it is evident that this year's festival will overshadow any that has been attempted.

On Saturday afternoon, from 12 o'clock until 2, and from 4 until 6, the annual custom of giving away cherries will be observed. No one should go without cherries for this year will be the bumper crop of any for the past five or six years.

COURT STOPS PASSAGE OF RAILWAY FRANCHISE

Shafter Avenue Citizens Temporarily Call a Halt on the Oakland and Antioch Line

Through a writ of prohibition granted yesterday by Superior Judge Wm. H. Waste, the City Council of Oakland has been temporarily restrained from passing an ordinance intended to give a franchise to the Oakland & Antioch Railroad company along Shafter avenue. Joseph A. Hoffman is named as the petitioner. The defendant was ordered by the court to appear tomorrow at 10 a. m. and show cause why it should not be absolutely and finally restrained from granting the franchise.

The action follows threats made a week ago in the council when the protesting property owners along the proposed route, represented by attorneys, asserted that the case would be carried to the highest courts if necessary in order that the railroad which is objectionable to them be prohibited from using Shafter avenue.

AMENDMENTS PASSED.

Acting within the terms of the writ of prohibition giving the right to pass to print amendments of the franchise ordinance, the City Council added to that instrument a number of clauses for street lighting, five-cent fares, freight car service limitations and other similar matters. These were all passed to print on the motion of President Ben H. Pendleton.

The ordinance as amended was then passed to print, this being the last date at which such action could be taken by the council.

An amendment was introduced by Councilman William J. Saccus in conformity with the provisions of the new city charter to give the council the right to enforce the repaving, or macadamizing of the street within the tracks when necessary. The amendment reads as follows:

Said Oakland and Bay Shore Railroad Company, its successors and assigns, are hereby required to clear, replace or repave, or macadamize, within the limits required by the City Council, the entire length of the street, highway or public place used by the track or tracks of said railroad and between the rails and for

two feet on each side thereof, and between the tracks, if there be more than one, and to keep the same constantly in repair, flush with the street, and with good crossings, and to do such street work with such kind of materials and in such manner as the council may by ordinance direct of the same time and as a part of the same operation as the work on the remainder in width of said street, highway or other public place to the satisfaction of the 'Superintendent of Streets.'

RESTRAINING ORDER.

On the petition of Joseph A. Hoffman, who owns property fronting on the proposed 'right-of-way,' and represents a number of other taxpayers, Superior Judge William H. Waste late yesterday issued a temporary restraining order prohibiting the Oakland city council from granting a franchise along Shafter avenue to the Oakland & Bayshore Railway Company. The petition makes the City Council, as a body, and all its members, as councilmen, defendants.

Hoffman alleges that the route described in the petition signed by property owners is different from the route described in the ordinance granting the franchise. He also alleges that the requisite number of feet frontage has not signed up, that some of the signers do not own the property for which they signed, and that the names of deceased persons appear on the petition.

In his petition Hoffman gives a long list of persons he alleges do not own the property for which they signed, included in which is the Board of Education. Hoff-

man contends that the property for which the board signed is not owned by the board, but by the Oakland School district, and that neither the board nor the school district had any power or authority to sign the petition for the franchise. Furthermore, according to Hoffman's petition, John Biegy, whose name appears on the petition, died in May, 1910, and A. D. Gasaway, another purported signer, died March 19, 1911. Several other signers are claimed to own much less property than that for which they signed.

At the time the ordinance granting the franchise was up for passage most of the objections raised by Hoffman in his suit were made to the city council, but that body overruled the protests.

VOTE LIGHT ON BOND ISSUE

Fear Is Expressed That the Proposition Will Fail to Carry

Little Interest Taken by Voters, According to the Early Reports

Advices received at intervals today at the hall of records and the sheriff's office from 'scattering precincts in the bay cities and throughout the interior of the county indicate that the vote on the question of the bond issue of \$500,000 for a new county hospital and infirmary will be extremely light. Local interest in the election seems to be almost dormant, while throughout the interior of the county the activity is hardly noticeable.

Owing to the condition in the bay cities the friends of the bond issue are fearful lest the opposition to the proposition in the county outside will defeat it. It was urged at noon today that the voters of Oakland, Berkeley and Alameda could yet save the day by casting their votes for the bonds. Otherwise the defeat of the proposition seems certain.

There is time remaining for the electorate of the bay cities to save the issue as the polls will remain open until 6 o'clock this evening.

The whole trouble with the situation in the county outside is that the people do not clearly understand the plans for the construction of the new institution. In spite of all that has been published to the contrary a great majority of the rural voters believe that if the bond issue should carry they would lose the infirmary and that both the hospital and the poor-farm would become an open institution. The supporters of the bonds have done the best they knew how to impress upon the outside electorate that the infirmary would remain where it is and that only the hospital would be in Oakland. But despite this propaganda the people outside are raising the cry that they will lose the infirmary and this is doing the bonds a great deal of damage in those districts.

ARRAIGN TRIO OF ACCUSED MEN

Conners, Maple and Bender to Have Hearing Friday

LOS ANGELES, June 6.—Bert H. Conners, A. P. Maple and F. Ira Bender were arraigned today before Judge Willis in the superior court on the charge of having attempted to destroy with explosives the Los Angeles county hall of records last September. On the request of Attorney Job Harriman, there was added as attorneys of record for the defense Joseph Scott, Le Comte Davis and Clarence S. Darrow.

The defense asked for ten days in which to plead, but the court set the case for hearing on Friday, June 9. The prosecution resisted a demand of the defense for a copy of the test-imonies against the accused men were founded, and the court took the legal question involved under advisement.

TRIESTE, Austria, June 6.—The Cunard steamer Saxonia, which arrived here today from New York, is in the hands of the health authorities as the result of the discovery of a case of suspected cholera on board. The victim was a Hungarian emigrant from America named Bernis. He died at sea. A bacteriological examination is being made and meanwhile permission for communication between the vessel and the shore is withheld by the officers of the port. The Saxonia sailed from New York on May 18. She called at Gibraltar, Genoa and Naples, arriving at the latter port last Friday. Bernis went aboard at New York with the intention of returning to his native land.

UPLIFT SALOON, SAY THE LIQUOR DEALERS

CHICAGO, June 6.—The sixteenth annual meeting of the National Wholesale Liquor Dealers' Association began here today. A number of addresses opened the day's session, the tenor of all of them being for the uplift of the saloon and for more thorough regulation.

THOUSANDS CHARMED TODAY AT IDORA PARK

Splendid Vaudeville Attracts Critics and Pleasure Seekers

Long before the time allotted for the great free vaudeville to begin at Idora Park today there was an excitement, interested audience. The addition of new features to the big bill made it a veritable season of surprises.

Patter and song, vocal selections, character sketches, impersonations, screaming farces and everything have been provided.

Harry Knox and Mercedes Alvin, the keenest patter and song artists, fresh from European triumphs, now at the Bell Theater, were glad to entertain TRIBUNE friends.

Harry Knox and Mercedes Alvin bring nothing new in the way of a vaudeville idea, but they bring a whole lot of extraordinary quality. They sing and turn loose a lot of patter, just as dozens of others have done before them, but their singing is exceptional and their patter more than ever to the merry, so their act must be counted among the good ones. Add to their ability the very stunning brunette beauty of Miss Alvin and the combination becomes fairly irresistible.

The invincible Patrick Conway, leader of the world's greatest band, will assist the various performers with orchestration. Between each act the splendid band will render fitting selections.

DRESS REFORM TO BE DISCUSSED BY CLERGY

ST. JOSEPH, Mo., June 6.—The first session of the national conference of the Church of the Brethren was held today and the subject of dress reform and exercise of the right of suffrage were discussed. The younger element favors a more liberal policy concerning the matter of dress.

Elder D. L. Miller of Mount Morris, Ill., in an address, criticized the election of United States Senator Lorimer. Elder Miller also defended his own action in voting at an election when the closing of saloons was the issue.

It has been the policy of the Brethren not to vote at any election. Lately, however, many members have been voting and it is probably a restatement of the church's position on the question will be made at this conference.

CHICAGOANS DON'T WANT SEATTLE JOB

CHICAGO, June 6.—If Seattle wants a new fire chief the city will have to look elsewhere than in the Chicago department for an applicant. In response to a request from the mayor of Seattle, Chief Seyerlich of the Chicago department wired back yesterday that he did not know anybody in his department who wanted the job. "The place is under civil service rules," the chief said. "None of my men want to go out there and take the examination. They have been changing chiefs too often."

Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that 98 per cent. of all women treated by Dr. Pierce or his able staff, have been absolutely and altogether cured. Such a record is undeniably remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult us by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, President, 663 Main Street, Buffalo, N. Y.

This is the old water case which the Supreme Court is to be there reviewed in favor of the city. Several thousand dollars expended by the city in printing a transcript of records is the basis of the claim.

ROOT AIDS LITTLE IN SENATE PROBE

Fails to Give Much Information on Missing \$2450.

WASHINGTON, June 6.—Senator Root was unable to give the House committee, which is investigating the State Department, much information today on the disappearance of the \$2450 approved for the payment of a picture of former Secretary Day, for which Artist Rosenthal received \$500. While Secretary of State, Senator Root said he had the matter investigated. It resulted only in the finding of a paper showing Secretary Day's approval of the payment of \$2450 from the emergency or "secret" fund of the department. Payments from this fund were made on the approval of the secretary without receipts or vouchers.

WORKS 3 YEARS ON TRUST REPORT

Commissioner of Corporations Smith Lays Result Before President.

WASHINGTON, June 6.—A full report on the United States Steel Corporation, which Robert Knox Smith, commissioner of corporations, has been busy three weeks gathering, will be laid before the President within the next ten days. Commissioner Smith's report is founded on investigations which were ordered by former President Roosevelt and which have been continued by direction of President Taft. It was said today that while government action might be influenced by the report it would not be based on it and that it might be several weeks before President Taft and Attorney-General Wickersham went into conference on the case.

JUST FOR A JEST IS WORTH WHILE

Harry Knox at the Bell Is a Capital Fun Maker.

HARRY KNOX.

There is plenty of comedy in the bill at the Bell theater this week and the result is a highly entertained audience at every performance. Standing out prominently in the program of varied attractions is the sprightly little act, "Just for a Jest," by two clever entertainers.

Harry Knox and Mercedes Alvin bring nothing new in the way of a vaudeville idea, but they bring a whole lot of extraordinary quality. They sing and turn loose a lot of patter, just as dozens of others have done before them, but their singing is exceptional and their patter more than ever to the merry. Add to their ability the very stunning, brunette beauty of Miss Alvin and the combination becomes fairly irresistible. See them this week.

Kramm, will be one of the leading features at the coming convention. The committee in charge of the theater party comprises Past President Frank Craddock, Walter Herkenham, August Wemmer, Joseph W. Kramm and H. Webber.

NEWBRO'S HERPICIDE

Did Not Disappoint.

Don't become discouraged simply because your hair falls, and is thin, weak and wispy until you have tried Herpicide. "I first began to use Newbro's Herpicide three years ago, after a spell of fever, which caused me to become almost bald. Herpicide soon restored the quantity and natural color of my hair. I feel lost without a bottle of Herpicide in the house." Thus Mrs. Anna C. Lay, 821 Second Ave., Louisville, Ky., tells in her own words how she lost her hair, and how she got it back. Mrs. Lay's experience has been duplicated a thousand times and can be repeated thousands more.

Newbro's Herpicide keeps the hair and scalp in a perfectly healthy condition. When the hair papilla has not been destroyed by the ravages of the dandruff germ, the hair will resume its suspended growth.

Newbro's Herpicide kills the dandruff germ and checks falling hair. The itching of the scalp stops almost instantly. Others imitate and make similar claims, but the original dandruff germ destroyer is Herpicide.

Applications of this wonderful remedy may be obtained at any good barber shop.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. One dollar size bottles guaranteed.

NEGROES MAY TIE UP CITY ELECTION

Fight Over the "Grandfather Clause" Involves Situation at Annapolis.

ANNAPOLIS, Md., June 6.—A unique situation exists here with regard to the registration of negro voters for a municipal election next month. The last legislative session passed a law for this city containing the so-called "grandfather" and property qualification clauses designed to disfranchise negroes in elections for local officials, and the negro vote was practically eliminated at the last election.

The negroes appealed to the United States district court, which decided that the law is unconstitutional and the registers are liable for damages. The case was taken to a higher court where it is pending.

Yesterday was the first of three days' registering, and the registers, who faced an infringement of the state law if they registered more than a half-dozen negroes who could comply with the law, or a violation of the federal constitution if they refused to do so, neither qualified nor put in an appearance at the place of registration.

SHAFROTH VETOES TUBERCULOSIS BILL

Governor of Colorado Disproves of State Control of Consumption.

DENVER, Colo., June 6.—Governor John F. Shafroth yesterday vetoed the so-called tuberculosis bill, passed at the recent session of the legislature, which provided for the registration of all tubercular persons with the State Board of Health, and which gave the health authorities supervision over buildings that had been occupied by persons afflicted with the disease.

The Governor's power to exercise the veto over bills passed at a recent session of the legislature expired at midnight last night and a large number of bills became law without his signature. Of the 360 measures submitted to the Governor by the legislature 104 were vetoed.

MILLION DOLLARS DAILY SPENT ON ROADS

Fast Pace Set for Those at Work On United States Thoroughfares.

EVERY STATE IN UNION AROUSED TO NEEDS

California's \$18,000,000 in Bonds to Aid in the Work.

One million dollars a day is the record that will be established throughout the United States as the expenditure for improving and maintaining public roads. Never before in the history of the country has there been such interest in the improvement of highways, and with the legislatures of the States appropriating millions of dollars for this purpose the good roads movement has received its greatest impetus since the foundation of the republic.

The money that will be expended on the roads of this country during the next six months will be more than ever before in the same period of time. In 1904 the total expenditure for the construction and maintenance of roads and bridges in the United States amounted to about \$30,000,000, but the expenditures for this purpose in 1911 will aggregate about \$140,500,000. Exclusive of Sundays and legal holidays the outlay for roads will amount to \$1,000,000 a day during the present road building season. This includes all moneys raised by local taxation, bond issues, State appropriations and private subscriptions.

STATES AROUSED.

"Every State in the Union," said Logan Waller Page, director of the United States office of public roads, in telling of the results of the great campaign for good roads, "seems at last to be thoroughly aroused to the benefits derived from the improvement of highways. In California the State has issued \$18,000,000 in bonds with which to build a system of state highways. This work will begin during the present season. In a State of Connecticut about \$2,250,000 will be expended this year out of the state treasury for trunk line and state aid roads. Of the \$5,000,000 bond issue authorized in Maryland over \$1,250,000 will be available this year for trunk line and state aid roads. Massachusetts will expend from State revenues over \$1,000,000 for the construction and maintenance of State roads.

"It is expected that at least \$5,000,000 will be expended on state aid roads and on trunk line systems in the State of New York, in addition to \$7,000,000 already raised by local taxation. More money is being devoted to road improvement in New York than in any other State in the Union, and the percentage of improved roads in that State has increased from 33 per cent in 1904 to 60 per cent in 1909. "Over \$2,000,000 is available in North Carolina from bond issues in the various counties for road improvement this year and the legislature has authorized the construction of a road from the Atlantic ocean to the Tennessee line, a distance of 425 miles.

OHIO VOTES FUNDS.

"In 1910 thirty counties in Ohio voted \$2,500,000 in bonds to be expended this year. Ohio will also expend about \$500,000 from State revenues for road improvement. In Pennsylvania the state aid appropriation will probably amount to over \$1,000,000 and a \$500,000 bond issue is being considered. In Tennessee the state aid appropriation will expend \$1,500,000 from bond issues. Over \$1,500,000 will be expended from bond issues in various counties in Texas. In Virginia \$2,500,000 has been authorized by various counties to be expended this year; while over \$250,000 has been appropriated in the State of Wisconsin in accordance with the State aid system.

"The prospect for a complete system of public roads throughout the United States is better now than ever before in the history of the country, and a uniformity of road laws and road laws gives promise that this country will eventually take its place with France in having the most sensible system of road supervision and maintenance."

LOSES APPEAL FOR ADDITIONAL ALIMONY

SACRAMENTO, June 6.—In the third district court of appeals Mrs. Alice Bruce of Kings county lost her appeal in the action she brought to have the decision of the superior court reversed regarding \$4500 alimony awarded her when she secured a divorce from H. S. Bruce. The lower court awarded a homestead which the plaintiff claimed was community property, to the husband, and from that also she appealed. Extreme cruelty was the charge against Bruce and it was shown that he possessed property valued at \$23,000, which brought him about \$5000 a year. His wife wanted permanent alimony in a stated sum, but she received a lump sum by order of the court. The \$4500, she stated, was too small.

Three days after the departure of the Manchuria for San Francisco Snyder, who was a passenger on the steamer, was indicted on a charge of having aided the stewards in landing the drug. He was returned to Honolulu for trial.

Just Try a Ten Cent Box of 'Cascarets'

Salts, Calomel and Cathartic Pills are violent—they act on the bowels as pepper acts in the nostrils.

We all need a laxative sometimes. How often we need it depends entirely on how we live. If we exercise largely and eat the right food, we need a laxative only occasionally. But if we live indoors, and get too little exercise, and eat our food, we may need to get it quite frequently in some other way.

Nobody can doubt the need for a laxative. The only question is: Which one is the best? And that isn't a question now. Cascarets are known to embody the only laxative which acts in a gentle and natural way. Castor oil merely greases the bowels. Cathartics and salts, acting as pepper acts in the nostrils, flush the bowels with fluids. But these fluids are digestive juices, and we will lack them tomorrow if we waste them today.

Cascarets alone cause the muscles of the bowels to act the same as some foods will do. Carry them with you. Take one when you need it. You will then enjoy all the good effects of keeping the bowels clean. They are sold by all druggists, but never in bulk. The price is 10 cents per box.

VANDERBILT TO BUILD DORMITORIES FOR YALE

NEW HAVEN, Conn., June 6.—It is learned that Frederick W. Vanderbilt is planning to carry out his intention to finance the square bounded by Temple, Wall, Grove and College streets, with dormitories for the use of the Sheffield Scientific School, of which he is a graduate. He has already given two.

To put into execution his plan, the school has purchased the residence of Ezekiel Stoddard and Henry Trowbridge, and has just made a proposal for the building owned by the New Haven Colony Historical Society. It is proposed to exchange the present home of the society for the Wayland Folowes residence on Whitney avenue, on which the historical society will erect its new home.

STORED COAL GIVES OFF GAS FOR MONTHS

WASHINGTON, June 6.—Continuous escape of gas from coal three to eighteen months after mining was shown by investigations at the mining experiment station at Pittsburgh. The loss of fuel value is said to be immaterial, but danger of accumulation of explosive gas makes it necessary that the fact be taken in account in ventilation of mines and storage of coal. Tests showed that coal during the first two weeks after mining set free gas equal to three-fourths of the volume of the coal itself and that during the first five months the same coal threw off gas equal to one and three-fourths times its volume.

THIEF OFFERS TO ACT AS ESCORT

Footpad Robs Woman and
Then Volunteers to See
Her Home.

"No, Thank You" Replies the
Victim, and Robber Says
"Good Night."

Cheslerfieldan courtesy was shown Mrs. Emma Gray of 337 Thirty-fifth street by a highwayman, who held her up at the point of a revolver at an early hour this morning and, after robbing her of money, offered to escort her home.

The footpad's offer was declined, and Mrs. Gray, as soon as she arrived at her home, telephoned to the police to place detectives on the man's trail.

Mrs. Gray had taken a midnight ferry from San Francisco and started home alone from Fortieth street and San Pablo after leaving the train. At thirty-fifth street, she was met by a well dressed stranger who demanded her money. Without a word, Mrs. Gray turned and started to run.

"Halt," came a sharp demand from the man, and at the same moment she heard the click of a revolver. She stood still and the footpad again approached.

"I am sorry to bother you, madam," he said. "I find it necessary to obtain some money and this seems to be the easiest way. I mean you no harm and will not injure you."

He took her purse, and removing \$3 from it, returned it to her.

"I would be glad to escort you home if you will permit me to do so," the bandit said, lowering his revolver.

"No, thank you, I can take care of myself," she answered and hurried down the street. She heard a voice from behind her bidding her a pleasant good-night.

STATE SUPREME COURT DECIDES THREE CASES

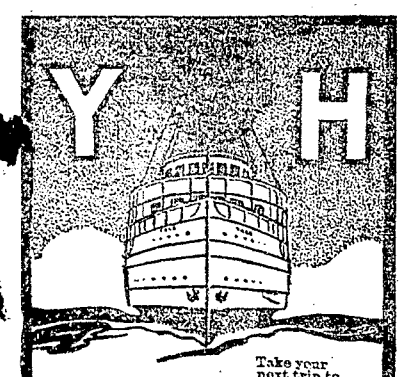

SAN FRANCISCO, June 6.—Three important cases were decided by the state supreme court yesterday against the Western Union and Postal Telegraph Companies in favor of Los Angeles. In one case against the Western Union, the supreme court reversed the decision of the superior court of Los Angeles, by which Assessor Edward W. Hopkins of Los Angeles had been enjoined from collecting taxes from the Western Union Telegraph Company.

The court also decided that the city of Los Angeles was entitled to retain \$550 collected from the Western Union for the fiscal year ending June 30, 1907, as the assessment of property valued at \$50,000. It was stated that the money had been paid under protest by the telegraph company.

An action by the Postal Telegraph Company to recover taxes to the amount of \$330, paid under protest on an assessment of \$30,000, was decided in favor of Assessor Hopkins.

COMPLAINS OF ROCK ON STREET

Berkeley Citizen Declares the
Southern Pacific Is Not
Treating City Fairly.

BERKELEY, June 6.—At the City Council meeting this morning the question of the quality of rock on California street was again called to the attention of the council by H. D. Irwin, who contended that the rock being taken from the street by the Southern Pacific Company is better quality than that being replaced. This condition also applies on the line on Ellsworth street, he said.

City Engineer Jessup was called upon for a report and explained that the rock was of good quality and that it had been used on many streets in the city with good results. He further stated that the surface was along the street bed and did not understand that the work had not been completed and that there was to be a layer of heavier rock placed on the street, and that the fine rock now on the surface was for binding, and holding the oil that was to follow. Jessup stated that the streets were to be oiled and after the work was completed the property owners would have a much better surface than they previously had.

A communication from the North Grove Improvement Club calling the attention of the council to the power granted it by the charter to compel property owners to clear the sidewalk area in front of property and to keep the area free from weeds, rubbish and dirt, was presented and discussed at considerable length. The City Attorney, it is understood, is about to file a complaint to test out the provisions of the present ordinance covering this matter.

Councilman Norton will be absent from his official duties from Saturday, June 10, to June 14. He contemplates an extensive trip.

The cigar store license of C. E. Homer was authorized transferred to J. J. Anderson.

Sidewalks were ordered where not already laid on Fifth street, from University avenue north to Camella street. Numerous complaints have been made of the lack of walks along this street for several years.

A new ladder to be carried by the new Gramm machine, which will be placed in Firehouse No. 3, located at Emerson near Adeline street, was ordered by the council. The new Gramm automobile is another motor driven machine added to the fire department lately.

The officers were ordered by the council to prepare and submit before the 15th of June, 1911, estimates of the expenses for the coming fiscal year.

The collection of the license collector during the month of May \$544.50.

WEDDING IS SURPRISE TO LARGE CONGREGATION

REDWOOD CITY, June 6.—The large audience that gathered in the Congregational Church in this city Sunday evening for the wedding of E. B. Smith, a visiting missionary from New Hampshire, was given an unexpected treat by being invited to remain after the regular services and witness the marriage of Harrison Hargrove and Miss Estelle Woodman, members of the congregation.

The closing hymn had been sung, but Rev. C. Kirtland did not pronounce the benediction. The organist commenced to play the wedding march, and the amazed congregation turned to behold the young people walking down the aisle to the pulpit.

Mrs. Harrison is the daughter of Charles H. Woodman, a wealthy merchant of Redwood City, and has been a leader in social circles and church work. The groom is a nephew of S. P. McCrae, principal of the high school, employed by the Southern Pacific railway in Oakland. The couple will reside here.

The local police aided his family, whose name is not revealed, in securing his commitment. It is expected that his cure will be effected within three months, after which he will be released.

INTERNAL REVENUE OFFICE HERE IS OVERLOOKED

Corporations Go to San Francisco
to Pay Taxes, Says
W. C. Jurgens.

W. W. Keith Elected a Director
to Take Place of
B. P. Miller.

The fact that some Oakland firms are sending money in payment of the special excise to the Internal Revenue office in San Francisco instead of paying the taxes into the Oakland office, was brought to the notice of the directors of the Chamber of Commerce this morning at a meeting of the body.

W. C. Jurgens, of the Wineland company, stated that the Oakland Traction company, Key Route and other large corporations are paying their taxes in San Francisco, thus depriving Oakland of proper credit with the Internal Revenue authorities in Washington.

The speaker further stated that if some effort were not made to have all the available taxes pass through the local office, the Oakland office would be in danger of losing the office.

The corporation taxes have to be paid before the end of the present month. The body adopted resolutions endorsing the movement of the Pittsburg Chamber of Commerce to have the federal corporation law changed to allow corporations to pay their taxes at the close of the individual fiscal years.

The directors were in accord as being in sympathy with the effort being made by the San Francisco commercial bodies to get the Internal Revenue office transferred from the Atlantic seaboard to San Francisco bay as an historical curiosity.

W. W. Keith, industrial agent of the Oakland Traction company, has been appointed to take the place of B. P. Miller, who was suspended for failure to attend meetings. Miller is in Nevada.

WOLF AT DOOR OF \$45,000 HEIRS

The Mother of Dyer Legatees
Pleads With Court
for Income.

When Marion Miller Dyer of Berkeley died in November, 1910, she left to the Berkeley Bank of Savings and Trust Company as trustee, property for Mary K. Marjorie E. and Carl D. Moore, minor grandchildren and children of her sister, Mae Blackney Moore, from which there is at present a monthly income of about \$175. No provision was made in the will, however, for the distribution of the income during the minority of the children, it being provided that when each child becomes of age he should receive his equal share of the property in trust, aggregating about \$45,000, and of the income accruing therefrom.

This forenoon the children's mother appeared in the probate department of the Superior Court with a petition for an allowance out of the trust income for the support and maintenance of the children, setting forth that she and her husband are poor and that, although the little ones are comparatively rich by the terms of their grandmother's will, they are as a matter of fact face to face with starvation. After going into the matter thoroughly with Mrs. Moore's attorneys and officials of the Berkeley Bank of Savings and Trust Company, Judge Brown took it under advisement with a view to trying to find some loophole in the law that will permit him to provide for the children.

SEEK GIRL WHO WASN'T MISSING

Miss Justine McLanahan Was
With Friend While Police
Search for Her.

While on her way from Berkeley to her home in San Francisco, Miss Justine McLanahan, aged 22, a prominent society girl of the bay regions and daughter of Attorney Edmund B. McLanahan of 2003 Broadway, San Francisco, was reported to have mysteriously disappeared and the police of the bay regions were asked to make a search for the young woman.

Miss McLanahan visited friends in Berkeley and boarded the 10:58 Key Route train yesterday morning. She did not reach her home when expected. The fact was reported to the police of San Francisco by Attorney McLanahan last evening and descriptions of the young woman were sent to all the police of the bay regions.

Hospitals and morgues were searched and all the friends of the family were visited in an effort to find some trace of her.

Some hours after the report of her disappearance had been sent out, and the slouches of the bay regions set to work to trail the missing girl, she calmly walked into her home in San Francisco and informed her parents that she had met a friend and had simply failed to return home immediately.

SAN FRANCISCO, June 6.—W. R. Hearst and his Los Angeles Examiner achieved a notable victory in the Supreme Court this afternoon when, in a fifty-four-page decision, the justices reversed the judgment for \$35,000 given to M. W. Davis for alleged libel.

Davis is a clerk of the Pasadena school board and was awarded the damages as the result of an article entitled "School graft would make Abe Ruef blush."

An appeal was taken and Garrett McEnerney appeared for the defendant and argued at length. The court in its opinion goes into great detail regarding the libel laws of the country.

At a special meeting of the board of directors of the chamber of commerce this morning, Julius Abrahamson, chairman of the building committee, reported the incorporation of the chamber of commerce building association under the laws of California, for the express purpose of acquiring the property at Thirteenth and Harrison streets, with the two-story stone building upon it, as the new home of the chamber. There now remains but \$4900 to be raised for the outright purchase of the corner from the Harrison Realty Company. The price to be paid is \$48,000. A number of prominent business men of Oakland have subscribed towards the purchase fund by subscribing for stock in the chamber of commerce building association, which is incorporated for \$250,000, divided into 25,000 shares at \$10 per share.

Abrahamson informed the directors that the remaining \$4900 must be raised within the next few days. The finance committee will set about getting that amount at once. Already several influential men have signified their willingness to subscribe towards the amount needed.

It was decided to raise an additional \$2000 for the remodeling and repairing of the handsome stone structure on the Harrison property. The organization expects to take possession about July 1. The present tenants have been notified to vacate by that date.

When Marion Miller Dyer of Berkeley died in November, 1910, she left to the Berkeley Bank of Savings and Trust Company as trustee, property for Mary K. Marjorie E. and Carl D. Moore, minor grandchildren and children of her sister, Mae Blackney Moore, from which there is at present a monthly income of about \$175. No provision was made in the will, however, for the distribution of the income during the minority of the children, it being provided that when each child becomes of age he should receive his equal share of the property in trust, aggregating about \$45,000, and of the income accruing therefrom.

This forenoon the children's mother appeared in the probate department of the Superior Court with a petition for an allowance out of the trust income for the support and maintenance of the children, setting forth that she and her husband are poor and that, although the little ones are comparatively rich by the terms of their grandmother's will, they are as a matter of fact face to face with starvation. After going into the matter thoroughly with Mrs. Moore's attorneys and officials of the Berkeley Bank of Savings and Trust Company, Judge Brown took it under advisement with a view to trying to find some loophole in the law that will permit him to provide for the children.

The graduation and commencement exercises of St. Mary's schools, Eighth and Grove streets, drew a large audience of friends and relatives of the pupils to the new St. Mary's theater last evening. What was formerly St. Mary's hall has been thoroughly transformed by scenic artists under the direction of Michael O'Sullivan, and the visitors last evening were delighted with the new light effects and the varied scenes of the new stage, as well as by the entertainment given by the pupils.

The honors of graduation were conferred on six students by the rector of St. Mary's church, Rev. E. P. Dempsey, assisted by Rev. Thomas Kennedy and Rev. Patrick McGrattan. The following young women having completed the course of study prescribed for the grammar department in the school were given their certificates of graduation:

Miss May Azevedo, Miss Lillian Dempsey, Miss Marjorie Hurley, Miss Josephine Murphy, Miss Philo Muller and Miss Rose Traynor.

A teacher's certificate for Palmer penmanship was awarded to Miss Marian Ring. A Christian doctrine medal was awarded to Miss Erma Bosquet.

Graduating certificates for Palmer penmanship were given to Florence Cox, Beatrice Loring, Catherine Quirk, Magnolia Buckner, Elizabeth Cianciarulo, Marie White, Thomas Garvey, Marcella Barron, Anita Rathford, Dolan Monzo, Henry Mason, Myron Towan and Loretta Flynn.

Health and Beauty Advice

BY MRS. MAE MARTIN

Flo: To have glowing cheeks and a clear complexion you must feel well and be well. For your chronic condition of health you really need more than a good system tonic and blood purifier. I can recommend nothing better than the old home tonic made of: Dissolve one-half cup sugar and one ounce ketchup in one-half pint of cold water, then add hot water to make a full quart. Take a tablespoonful three times a day. This tonic will purify your blood, clear up your sallow skin, give you an appetite and rid your system of that sluggish, tired, half-sick feeling. Your pimples and liver blotches will disappear as if by magic. This simple, inexpensive tonic will give you renewed strength, ambition and the appearance of overflowing health and life.

G. S.: The quickest acting and most efficient hair tonic I know of for removing dandruff, stopping falling, splitting hair and relieving itching scalp can be made at home by mixing together one ounce quinine, one-half pint alcohol and one-half pint cold water. This rubbed into the scalp twice a week will restore vitality to your dry, faded hair and make it beautiful, abundant and glossy. This tonic is not sticky or greasy and will stimulate the hair roots and cause the hair to grow luxuriantly. It will make your hair soft, fluffy and is equally good for both light and dark hair.

"Too Fat": (a) The only safe remedy I know of for reducing weight without the torture of over-exercising and starvation is the use of a simple prescription. Dissolve four ounces of quinine in one and one-half pints of hot water; when cold strain out the sediment and take a tablespoonful of the liquid before meals. Regular use of this remedy generally brings surprisingly satisfactory results. Excess fat will gradually disappear without leaving the skin wrinkled and flabby.

(b) To relieve eye pain and make your eyes bright, youthful and sparkling, see reply to Emma S.

Lina: If you want soft, lustrous hair, you must stop shampooing with soap, as the alkali in soap coarsens and fades the hair, making it dull, streaky and brittle. By washing your hair every two weeks with a teaspoonful of canthox dissolved in a cup of hot water, rinsing thoroughly with clear water, your hair will be very soft, shiny and easy to do up. This simple shampoo with its creamy lather is easily prepared and the best hair and scalp cleanser known. It not only refreshes the scalp but dries so quickly, as to make shampooing a real pleasure. No other shampoo keeps the hair and scalp

in so healthy a condition or will prove as satisfactory. For obstinate cases of dandruff, falling hair and scalp irritation, I find shampooing with canthox a reliable remedy. Practically all first-class hair-dressers use it.

Minnie: For women who grow old looking before they should there is reliable relief to be had at small expense. No matter how worn your face may look the following lotion will make it young-looking again: Dissolve four ounces of spumax in one-half pint of water and add two teaspoonsful of glycerine. When cool apply it to the skin and rub gently until dry. You will be amazed to see how beautiful it will make you. This tonic costs but a little and two or three drops in each eye daily will soon make your eyes just as full of color and as clear and beautiful as they ever were. It is very soothing and strengthening to tired, weak, inflamed eyes and oculists use it for eye troubles generally.

Hattie J.: Don't let your age worry you. By throwing away those greasy creams and making your own complexion beautifiers you not only will find you can make better and cheaper ones, but those that will produce the desired results. For removing blackheads, freckles, wrinkles and all the signs of old age, mix one ounce of the skin soft, plump and giving it that much admired tone of smooth, velvety, youthful freshness.

Freda: The unsightly hairs of which you speak can be quickly removed if you employ a delicate paste. Get an ounce of detolone from your druggist and with a little mix enough water to form a paste. Spreading on offending hairs and after two or three minutes rub off, then wash the skin and you will find the hairs are gone. Druggists charge a dollar for detolone, but it is worth it.

WOMEN IN THE NEWS

BRUGUIERE TO WED

MRS. STICKNEY, A RUMOR

Society Finds Another Romance to Claim Its Attention.

LONDON, June 6.—Americans arriving for the coronation have run across what they say is a romance that should be interesting to New York and San Francisco people—a supposed engagement between Mrs. Joseph Stickney, millionaire widow of a New York coal man, and Louis Bruguiere, millionaire of San Francisco. Confirmation of the report cannot be had just now. Mrs. Stickney's home at 20 Hartford street, Mayfair, is closed. It was learned there, however, that Bruguiere has been a guest of Mrs. Stickney for quite an extended period; that they have gone together to the country with a few friends to spend the Whitsuntide holidays.

Before they departed they were seen together constantly about town. Mrs. Stickney at these public affairs appeared to be devoted to her young escort. To her friends she is said to have confessed that she was very happy.

Arouses Actress

NEW YORK, June 6.—The advertisement by a firm of auctioneers of the public sale of the magnificent furnishings of the apartment on Riverside Drive lately occupied by Miss Billie Burke, the actress, has filled the soul of Miss Burke with amazement and horror.

Miss Burke, who is at present in San Francisco, yesterday sent a palpitating wire to her business manager, John D. Williams, of Frohman's staff, assuring him that she was not selling any of her effects at auction or otherwise; and that she was pestered beyond endurance by telegrams of inquiry as to her reasons for disposing of her household goods. Miss Burke, it is claimed, never owned any of the furniture advertised. For a part of two months last winter she rented a furnished apartment near Grant's tomb, and it is the furnishings of this flat which are offered for sale.

Heroine Dies

VICTORIA, B. C., June 6.—Mrs. Minnie Patterson, the heroine of the Valencia disaster and Coloma wreck, died Sunday at Alberni. She made a memorable journey from Coloma, B. C., to the central tip of most difficult trail, climbing over high cliffs, floundering knee deep through bogs during a heavy storm to send the government steamer Quadra from Bamfield to rescue Captain Allison and his crew. She had abandoned hope when the bark Coloma, dismantled and waterlogged, was being driven ashore at Cape Beale, where she and her husband kept the lighthouse.

During the Valencia disaster the same year, when she was in the central tip of the island, she was rescued by a heroic work. She never recovered from the privations suffered when she made the trip from Cape Beale to Bamfield to get aid for the Coloma. Several medals were awarded her and the Canadian government gave her a silver service.

Guard Chinese Girl

STOCKTON, June 6.—All local Chinatown is in an uproar over an alleged pretty Celestial girl, the central figure in a sensational case. A warrant sworn to by Louis Hong of Sacramento sets forth she embezzled \$100,000 from her employer, and he wanted her taken to the capital city forthwith, but friends of the girl declare it was a scheme to get the girl in the control of Hong, who was known to be a bad man. She was to be taken to Sacramento and bailed out by Hong or his friends, and then to be taken to the capital city. Many of the local Chinese merchants went to her rescue, and employed Attorney Dewitt Clary to make a fight to keep her in Stockton. They also put up bail and secured her release. The girl was then taken to Chinatown and a guard placed over her.

Locks Up Woman

SAN JOSE, June 6.—Attracted by cries from one of the Japanese cabins on the branch ranch at Santa Clara yesterday a Japanese woman investigated and found William Bracher bound with ropes to a bed and another Japanese woman locked in a closet. They were liberated and said that they had been imprisoned by a highwayman whom the woman had noticed robbing the cabins. She had called Bracher, and he went after the man unarmed. The robber turned a pistol on the rancher and forced him to lie down on the bed. He then bound his arms securely with a rope, thrust the woman into a closet and turned her out.

Manufacturer Sued

CHICAGO, June 6.—After thirty-eight years of married life, John V. Steger, piano manufacturer, was made defendant in a suit for separate maintenance. Mrs. Steger, who is now in the city, declared that her husband "was engrossed in the accumulation of wealth, which she found repulsive, and that he was a selfish, cold, and unfeeling man." Mrs. Steger stated that her husband would not do the family washing and other labor.

CUPID BUSY AT COLLEGE

From Stage to Coronation

MRS. FRANK GOULD, a former actress.

NEW YORK.—Frank Gould and his wife have gone to Europe on the Mauretania so as to be present at the coronation. That is, they will be in London during the coronation season and witness the public demonstrations. But they will not witness the coronation itself to which only those Americans who are in the diplomatic service or in Burke's Peerage will have invitations. This is Gould's second wife. She was Edith Kelly, one of the "Hello Girls" in Havana and well known on the stage in both England and America.

SEEK TO MEND THE LAWS

NEW YORK.—In a movement now under full sway to amend the criminal law of the state and provide for fair compensation to persons wrongfully arrested, imprisoned and prosecuted, pamphlets describing the case of Miss Elizabeth C. Murphy, a stenographer, who was detained sixty-seven weeks as a witness, are being distributed among attorneys of this city, and forwarded to legislators at Albany.

It is one of the few cases on record where the legislature has been asked to make a law said to be for the chief benefit of one woman. The case of Miss Murphy is typical of many another. She was employed in the office of Grant & Rouse, attorneys, when Mr. Jerome, then district attorney, caused the arrest of Rouse for alleged falsification of records in police cases. Miss Murphy was taken into custody immediately and held in the house of detention and in various hotels, as a witness against Rouse. Miss Murphy was then receiving \$25 a week, and as the result of her detention, she says she was deprived of more than \$1500 in salary. Backed by Mayor Gaynor and a number

LOVER TARRIES ON ERRAND; GIRL DRINKS FATAL DRAUGHT

ST. LOUIS.—Because her fiancé remained away too long when sent for ice cream, Miss Laura Julia Sandler, 23 years old, quarreled with him and went to the home of her parents, Mr. and Mrs. J. C. Sandler, 4313 Margaretta avenue, where she drank carbolic acid. She died in ten minutes. The quarrel occurred at the home of Mrs. Isabella Stahl, Newstead and Orco avenues.

When Obrest reached her she was sitting on a chair with a handkerchief to her mouth. "I have taken carbolic acid," she cried. Rushing to the ice box, he got a bottle of milk and had the girl's sister pour it down her throat while he ran for a doctor. When the latter arrived the girl was dead. Clashed in one hand was a photograph of Obrest. Obrest and Miss Sandler had spent the evening at the Stahl home. About 9 o'clock ice cream was suggested, and Obrest and Stahl started to an ice cream parlor, but on the way they stopped in a club. They stayed longer than they expected, and when they reached the Stahl home a quarrel followed.

OAKLAND'S BOYS AND GIRLS

DEDICATE MAGAZINE TO PRINCIPAL OF SCHOOL

The Wide-Awake Literary society of the class of Miss Danielwitz of the Grant school, left a legacy to that institution in the form of a magazine dedicated to Henry C. Petray, principal of the school. The journal was edited by Winifred Rue, who was assisted by Virginia Johnson, one of the brightest girls in the seventh grade. The contents of the publication, which was written by the "Wide-Awakes," contains editorial notes, jokes, school notes, poems and stories. The greater part of the edition was typed by the girls and boys. The cover of the book contains a design in water-color, which was the work of two clever girls of the class.

2,000,000 FIRECRACKERS ARRIVE IN NEW YORK

NEW YORK, June 6.—The freighter Lowther Castle is tied up at her pier in New York today, with a cargo of 2,000,000 firecrackers that she took aboard at Hong Kong early in March. Two or three million crackers were left at Boston for the noisemakers on the Fourth of July. The rest are intended for the celebration in this city.

Hester Cooke, one of the most distinguished graduates of the class of June, 1911, who was awarded the alumni scholarship at the graduation exercises, will register at the University of California next fall. She had not decided what studies she would follow. During her high school course she displayed literary ability and will probably major in English.

YOUNG CAMPERS OFF ON A HIKE TO MOSS BEACH

Heavily laden with their camping paraphernalia, seventy-five boys and twelve leaders of the Young Men's Christian Association left this city this morning for Moss Beach, where they will pass two weeks of their summer vacation. The outing is one of the largest ever conducted under the auspices of the local association and promises to be the most enjoyable ever held.

Preparation has been made for an interesting schedule of events for the amusement and diversion of the boys, many of whom are high school students. No effort will be spared in making the outing beneficial in a physical as well as a mental way. The hikes and the athletic stunts, which the boys have been accustomed to giving, will be continued under the supervision of C. F. Martin, the physical culture instructor.

35,000 MAKE MERRY AS GUESTS OF THE TRIBUNE

Idora Park Crowded With Men, Women Children, Who Spend Gala Day at Big Fun Factory

This is Tribune Day at Idora Park and will continue so until that place of entertainment closes tonight. Thirty-five thousand men, women and children celebrated the event by availing themselves of THE TRIBUNE'S liberality and thronging the enclosure up to the time of going to press this afternoon and there will be an equally large throng of pleasure-seekers at the place tonight.

There has never been a larger gathering of pleasure wooters in this city and there has never been in Oakland a throng the members of which enjoyed themselves more.

There are many reasons for this and among them may be mentioned the fact that the park itself, which is styled the "park beautiful," is not alone attractive, but at the same time contains everything known to the managers of amusement resorts devised for the entertainment of the people. For those who seek retirement and rest there are cozy and shady nooks in which the hours may be passed.

Those who like the pleasure which sports and effort afford find there the emerald sward on which to gambol and play and exercise and shout and sing in the ecstasy of the moment.

FUN ON MERRY-GO-ROUND.

For those who seek still other diversion there is the carousel, whirling in rhythm with the sonorous tones of an orchestral organ which instill into the patrons the spirit of romance or chivalry on the flying horses, the which they are gayly speeding. There is also the scenic railway, the shooting of the rapids, the circle swing, the moving pictures, the social whirl, the auto racecourse, the mountain slide, the tickler, the skanking rink, the laughing lane, the roller coaster, the miniature railway, the maze, the toboggan, the chicken farm and a number of other things which today entered into the pleasure of the young and old which left nothing to be desired.

There was additional pleasure experienced today for the reason that every person sought to show his or her appreciation of the gratuity of THE TRIBUNE in providing a series of entertainments for its friends at absolutely no expense to the patrons.

EAGER TO BEGIN.

So eager were the little people to avail themselves of THE TRIBUNE'S hospitality that many of them besieged the gates long even before the time arrived for their being swung open. Hundreds strove, with youthful ardor and enthusiasm, to be the first to enter the great pleasure ground and hugged the bars of the entrance. While awaiting the time for their entry to the beautiful wonderland, which hundreds of them had never before seen, there was cheering and joyous shouting, which increased when the entrance was opened and the host of little people rushed through as fast as it was possible for them to pass the recording stiles.

The stiles during the first hour after the opening did a rapid business. They were worked with unwonted rapidity because the men in charge were disposed to be considerate of the eagerness of the young people to get into the pleasure ground as quickly as possible.

When at length the stiles had been passed and the little folks had been supplied with their six concession tickets there was a cheering which might have been heard for half a dozen blocks. Hundreds of children started by a common impulse to the play grounds in the various parts of the park and there played tag, baseball, blind man's buff, leap frog, "the spy," ran races, the while shouting in youthful joyousness. The girls sat in groups indulged in games, danced, romped and gambled on the green, played "London Bridge," told fortunes, sang entirely oblivious of every-

thing save that of the utter pleasure of the occasion.

Another feature which was one of the most picturesque on the ground was the merry-go-round. This is one of the finest specimens of the kind in existence. Every appointment is perfect. It is balanced to a nicety. Its movement is regular, stable and uniform and the representation on it of the beasts of field and jungle and the plains is true to life.

Today the carousel had patrons as it never had before. The orchestral organ played its inspiring tunes and countless little ones galloped around the merry-go-round, mounted on lions, tigers, ponies, horses, elephants, camels and an indefinite variety of other animals.

GROWN-UPS, TOO.

Nor was this feature uninviting to grown people, because there were occasions which afforded adults to again take part in the pleasures of youth. Some of those who improved the opportunity were young mothers with attractive babes whom they held aloft trying to inject into their offspring a realization of the pleasure of the parent.

There is a certainty that if the carousel could speak it would tell the patrons today that it will sleep well tonight because in the way of the gay whirl in which itself took part today was the hardest day of its life.

HILARITY CONTINUES.

There was no cessation of the hilarity even at noon for the reason that most of the younger people elected to remain within the enclosure during the exercises of the afternoon. At that hour lunch baskets were produced and the cosy spots in all parts of the enclosure were selected.

There was also shown at intervals appreciation for the generosity of THE TRIBUNE.

During the day Manager Bert York of Idora Park was to be seen at every part of the enclosure taking special interest in persons seeking to show their appreciation of the gratuity of THE TRIBUNE in providing a series of entertainments for its friends at absolutely no expense to the patrons.

Stepfather Squanders Allowance, Is Charge

SAN FRANCISCO, June 6.—Harry Hastings, brother of Elizabeth Parker Hastings, charged in Judge Graham's court this morning that Joseph Daniels, stepfather of the girl, is spending the greater part of her \$1100 allowance in keeping up a London establishment. He asserted that his sister is receiving but very little of the sum and the court directed that witnesses in England give depositions. Miss Hastings already had applied for an increase in the allowance and this had been opposed by her guardian, L. M. Hoefler.

MARGARET EDWARDS TO POINT RIGHT ROAD TO PERFECT HEALTH AND BEAUTY

Women Readers of Tribune to Be Its Guests

'The Perfect Girl' Will Prove Value of Right Training

No Ticket Needed; Just Be Early at the Orpheum, Friday

Come early! That's the important thing! Be at the Orpheum early on Friday morning!

Let nothing keep you away. You do not need a ticket. Just go to the theater.

Friday is to be Woman's Day at the Orpheum. Eleven o'clock is the hour.

It's the day when THE TRIBUNE will entertain 2000 women in the big vaudeville theater on Twelfth street.

"The Perfect Girl's" to be there on Friday morning.

Miss Margaret Edwards of Berkeley, who is now creating a remarkable sensation at the Orpheum, is "The Perfect Girl," according to the New York Physical Culture Society, which awarded her a gold medal in international competition, as being the most perfectly formed girl in the world.

IT'S A DISTINCTION.

It's something to have Alameda county known as the home of "The Perfect Girl."

But let's not stop with one perfect girl.

Hundreds can learn how it was done and then there will be hundreds more.

Come on Friday at 11 o'clock, women all and women only, as guests of THE TRIBUNE, and hear Mrs. L. Edyth Edwards, the well-known club woman, tell how she changed her daughter Margaret from a sickly babe to "The Perfect Girl."

And remember: Come early! There'll be an awful crush.

Wouldn't be beautiful, ladies? Certainly.

Would you also like to be supple, strong and have perfect health? Certainly again.

Well, then, THE TRIBUNE is going to help a bit.

All of the women and all of the girls of Alameda county are to have the chance to see "The Perfect Girl" at the Orpheum, at close range, next Friday morning, as guests of THE TRIBUNE.

More than that, THE TRIBUNE'S women guests at the Orpheum on Friday morning will have the privilege of hearing Mrs. L. Edyth Edwards, mother of "The Perfect Girl," tell of how she changed the marvelous miracle in the case of her own daughter.

That will be worth hearing. Why?

WAS PUNY BABY.

Because when Margaret Edwards, now known as "The Perfect Girl," was a babe, a year old, physicians gave her up to die, and Mrs. Edwards then began to use the system that changed the puny babe into the "Perfect Girl."

Mrs. Edwards is going to tell all the women all about that system. That will be mighty well worth hearing, won't it?

Yes, indeed. Then there is to be a reception on the stage, after Mrs. Edwards' talk, in which "The Perfect Girl" will participate.

Then Miss Margaret, clad au naturel, will meet all the ladies and will permit them to see at close range, just why and how it is that she is known as "The Perfect Girl."

Is there a woman or girl in Alameda county that will want to miss all that? Verily, no!

MEN EXCLUDED.

THE TRIBUNE has so arranged that there will be none but women, attaches in the theater on Woman's Day at the Orpheum, and not a man will be allowed in the house at that time. The stage hands will quietly depart before the ceremonies begin, the ushers will leave, and every attaché will be a woman.

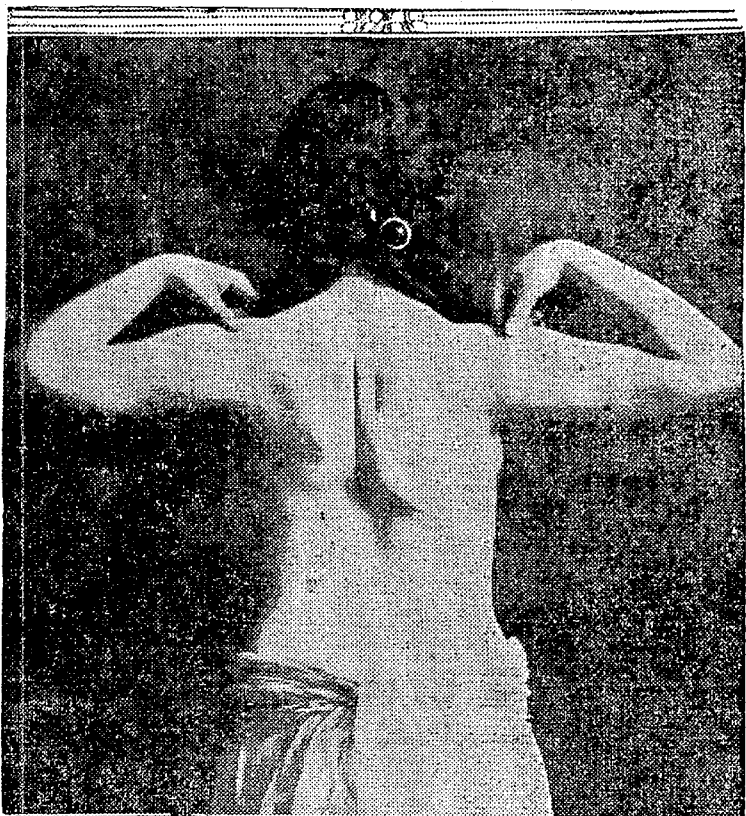

It is to be "Woman's Day," you notice. Each night at the Orpheum "The Perfect Girl" gives her wonderful exhibition on the stage, in a woodland setting that is complete with charm, and these exhibitions, of course, are given to mixed audiences.

But as there will be women and girls over 16 only in the theater on Friday morning, there will be opportunity for free discussion of beauty and health problems on that occasion, making the occasion of vastly greater value and interest to women.

WILL TELL ALL.

Mrs. Edwards, mother of "The Perfect Girl," will answer all the questions that may be asked her, on Friday morning, about Miss Margaret's training. There will be no secret held back by Mrs. Edwards. She will tell all the women present just what they wish to know, as far as she is able to do so.

Matchless ankle, foot arch and back muscles of Margaret Edwards, "The Perfect Girl," who will display her charms for women readers of THE TRIBUNE.

The club women of the county are rallying in splendid style to the banner of physical culture that is raised by Mrs. Edwards at the Orpheum this week, and their endorsement to the good work is practically unanimous.

WRITES CLUB PRESIDENT.

Mrs. Charles J. Woodbury, president of the Ebell Club, has received the following self-explanatory letter from Manager Ebbey of the Orpheum:

Mrs. Charles J. Woodbury, Oakland, Cal.

Dear Madam: I take the liberty of calling to your attention what you may have already noted in the public print regarding the appearance of Miss Margaret Edwards of this county, who is known as "The Perfect Girl," because of the gold medal which she recently was awarded by the New York Society of Physical Culture for being the most perfectly formed girl in the world.

Mrs. Edyth Edwards, who has addressed various women's clubs around the bay in the interest of physical culture among girls, may be known to you, as she is intensely interested in this particular field.

Mrs. Edwards has refused various offers from Eastern people to present "The Perfect Girl" on the stage, but has finally consented to have Miss Edwards appear at the Oakland Orpheum, to the ends that mothers in particular and the public in general may be told and shown how physical culture is operated to produce perfect physical health in the person of Margaret Edwards.

BENEFIT TO FAMILY.

We believe that the presentation of "The Perfect Girl," when accomplished in an artistic and dignified manner, should redound greatly to the benefit of our families, and that the lesson which Mrs. Edwards is to teach will serve highly desirable ends.

I will be glad to have you accept the courtesy of a box at the theater which I have placed at your disposal during Miss Edwards' season, being of the hope that you will find the entire matter worthy your sincere approval, as a representative clubwoman of Alameda county.

Yours very truly, GEORGE EBBEY, Manager Orpheum Theater.

Picked Up by Engine And Carried 2 Miles

Victim Climbs Into Cab and Tells Engineer of Accident.

MARTINSBURG, W. Va., June 6.—While Ray Van Meter, a Berkeley county farmer, was driving across the Baltimore and Ohio tracks last night, his buggy was hit by a train and the horse killed.

The buggy, with Van Meter in it, was picked up on the pilot and carried two miles. Van Meter in the meantime crawled along the footboard into the cab and informed Engineer Keyser of the accident, demanding that the train be stopped and the splinters of his buggy be removed from the pilot. When this had been accomplished Van Meter sarcastically asked if he would be arrested for stealing a ride. He was but slightly injured.

FIGHTS TO KEEP INDICTMENT ALIVE

Prosecutor Determined to Try George B. Cox for Perjury.

CINCINNATI, June 6.—Whether the attempts of Prosecuting Attorney Henry T. Hunt to keep alive one of the indictments charging Geo. B. Cox with perjury are to result in success or failure depended upon the outcome of arguments begun today before a special circuit court. Three judges of the second Ohio judicial district, Dustin, Allerod and Ferneding, listened to the argument.

The hearing was on the prosecutor's mandamus suit against Judge Wm. Dickson of the court of common pleas, who handed down the decision quashing both Cox indictments on material grounds. The prosecutor claims that Judge Dickson should have allowed him to elect upon which of the two indictments the motion to quash be argued and seeks to have the circuit court so order.

DIRECTORS REELECTED.

PITTSBURG, June 6.—The annual meeting of the stockholders of the Pennsylvania Railroad Company was held here today. The old board of directors was re-elected.

GREAT STORM NEW YORK MAN CONQUERS

AVIATOR

Daring Pierre Vedrine Forced to Make Dangerous Landing.

Winner of Paris to Madrid Flight Sought New Honors.

EUC, France, June 6.—Pierre Vedrine, the winner of the Paris to Madrid flight last month, crossed the starting line at the aerodrome here at 3:31 o'clock this morning, bound for Nice, the end of the first stage of the Paris-Rome-Turin air race. An accident upset his plan and he abandoned the race. The distance between Buc and Nice is 537 miles. Four of the contestants in the race—Beaumont, Garros, Frey and Vidart—already have reached Rome and are prepared to resume their flight to Turin, the concluding stage of the 1300-mile event.

Vedrine reached Dijon, 100 miles from Paris at 7:25 o'clock this morning and after taking on fuel reascended at 8:45 o'clock, sailing away in the direction of Lyons, 105 miles further away from the starting point.

Vedrine after passing over Chalons-sur-Saone and flying at an altitude of 3000 feet, encountered a violent wind which rocked his machine dangerously and compelled him to make a rough landing at Saint Laurent-Les-Macon, just outside Macon. Vedrine was uninjured, but his machine was damaged.

The present contest was begun on May 28, but the aviators have until June 15 to accomplish the distance of 2095 kilometers (1300 miles) from Paris to Turin, by way of Rome. The aeronauts are at liberty to start when they please and land as often as they deem necessary, provided they report at certain fixed points. The race was organized by the Paris Petit Parisien and the prizes aggregate more than \$100,000.

CHEATS THE LAW

Leopold Dreyfus Admits He Paid to Have Store Burned.

Police to Run Down Organized Band of Professional Incendiaries.

CHICAGO, June 6.—Leopold Dreyfus of the firm of L. Dreyfus & Co., committed suicide today after having confessed, the police declare, that he was the party to the burning of his place of business in Market street last Saturday afternoon.

The confession, according to the police, may throw light on other fires in the downtown district and is regarded by the officials as evidence of the existence of an organized band of incendiaries, who, for a stipulated price, offer to set fire to business houses.

Suspicious circumstances in the fire including the finding of several cans which had apparently contained gasoline in the rooms occupied by L. Dreyfus & Co., rosters, caused a careful investigation to be made and the Leopold Dreyfus was questioned repeatedly by the police.

WANT \$5000 FOR JOB

Stripped of its details, the confession, in substance, the police say, was that two men approached Dreyfus and his brother about a week ago, and offered to burn the building, fixing \$5000 as their price.

Dreyfus is declared to have agreed to \$2000 and have paid down \$300, the remainder to be paid when the insurance was collected.

Dreyfus and his brother were arrested yesterday afternoon and after the confession Leopold Dreyfus was permitted to go to his home in the custody of a policeman. While in another room today Dreyfus shot himself through the head and when the policeman reached him he was dead.

The valuation set on the property of the company was \$12,000. Fire Attorney Sullivan is co-operating with the police in an endeavor to learn more of the alleged incendiary band.

WOMAN RIDES THROUGH WINDOW

Mrs. George Crothers Takes Spin in Auto and Smashes Glass.

SAN FRANCISCO, June 6.—Mrs. George E. Crothers, one of the most experienced women auto drivers in San Francisco, took an unexpected ride in her electric phaeton yesterday through the plate glass show window of the City of Paris dry goods store. That she was not seriously injured in her wild ride is due to her skill as a driver.

Mrs. Crothers and her mother, Mrs. William H. Mills, were on a shopping expedition and had left the electric outside the City of Paris while they were within. Upon leaving the store, Mrs. Crothers stepped upon the running board of the car, without taking her seat, and as she says is her usual custom, reached down and turned on the power.

But some small boy had been tampering with the car, and it, contrary to its usual custom, suddenly started forward and before Mrs. Crothers could take her seat, jumped the curb, darted through the throng of pedestrians on the sidewalk and dashed through the show window, its owner clinging to the side in a vain effort to reach the power control. It is considered miraculous that she was not struck and cut by the crashing glass.

"There ought to be some regulation," said Mrs. Crothers, "to prevent persons from interfering with automobiles that are left in the street."

HOSPITAL MAY BE ERECTED BY CITY

Emergency Cases Too Many for Present Arrangements in Alameda.

ALAMEDA, June 6.—Councilmen Alfred Morgenstern, John Spence and E. J. Probst, composing the health committee of the city council, met last evening with the board of health and discussed plans for the erection of a new emergency hospital. Although the committee is investigating the cost of treating city patients at the hospitals in the city, the building of a city hospital is regarded favorably by the city council and will probably be recommended at the regular meeting of the municipal board tonight. The new hospital could be erected on the lot adjoining the city hall at a cost of \$5000, according to the tentative plans of the building and grounds committee. The Alameda sanitarium has offered the city the use of a room and the attendance of a nurse at \$100 a month and the Broadway sanitarium offered a room for \$20 a month.

Council President E. B. Bullock spoke today in favor of the erection of a hospital to replace the present emergency quarters, which add to the courtroom in the city hall and are too small for the needs of the city. The sum of \$5000 will probably be called for in the bond election.

Dr. L. W. Stidham, health officer, spoke in opposition to the building of a hospital, stating that the maintenance of the place would be \$200 a month. The proprietor of the Lincoln theater applied for sixty days' time in which to have the sewer for the theater replaced, which was granted by the board.

SUSPECT SERVANT OF SETTING FIRE

Japanese Said to Have Sworn Vengeance Following a Dispute.

ALAMEDA, June 6.—That coal oil was placed in the two stories of the McCormick home and set on fire in order to destroy the residence was the statement of First Chief K. K. Kramit today. The place, which burned yesterday, was covered by \$16,000 insurance on the structure and contents.

According to Earl Rawitzer, the son of Albert H. Rawitzer, owner of the house, Japanese may have placed the coal oil in the house and ignited it. Rawitzer had a dispute with a Japanese servant several months ago, who swore vengeance on the household. Neighbors state that they have seen Japanese moving around the house and entering it, but that they thought the home was in their care. Lights have been seen in the house when it was supposed to be empty. Mr. and Mrs. A. H. Rawitzer, who have occupied the house since it was purchased from Mrs. Mattie McCormick about eighteen months ago, went to Omaha four months ago.

"The front door of the house was open when the fire lighted on the scene," said First Chief Kramit today. "We found the carpets saturated with coal oil, which had been spread from the first to the third story of the house." The police are investigating the cause of the fire.

ALBANY TO TAKE PART IN PARADE

Town Will Enter Decorated Automobiles at San Leandro Trustees Meet.

BERKELEY, June 6.—The board of town trustees of Albany decided at its meeting last night to enter two decorated automobiles in the San Leandro cherry festival parade next Saturday. The machines will be occupied by the trustees, their wives and other women of Albany.

When asked why the board did not provide for representation in the recent Berkeley flower festival parade in a similar manner, former Mayor Frank Roberts, a member of the board of trustees, stated this morning that the second installment of taxes, collected for the town by the county tax collector, was not available, and that a sum was to be spent in advertising the town at the San Leandro carnival. Roberts declares there was no money with which to participate in the Berkeley festival.

The problem of taking care of the sewage from residence tracts outside the town limits came before the board last night. The Albany sewer system already accommodating some of the outside districts, in Contra Costa county, in Ocean View district, and in Alameda county, north of Berkeley, as well as others, is making the trip, which was planned a small amount per acre during the next five years, after which it is estimated by city Engineer Hughson, the system will not be able to take care of sewage outside of the town limits.

It was decided that if E. Gill, owner of Gill's nursery on San Pablo, does not soon begin the work of improving his half mile frontage on that thoroughfare, the town will order the work done at his expense.

ALAMEDA BONDS MAY NOT CARRY

Expenditure of \$175,000 Will Be Placed Before Voters of City.

ALAMEDA, June 6.—While the finance committee of the city council, of which E. B. Bullock is chairman, is working on a bond issue of five propositions which will be presented soon to the voters of the city, members of the city council have expressed the opinion that the bonds, which call for an expenditure of about \$175,000, may not carry.

The separate propositions are the erection of a new electric light plant; new fire apparatus; the purchase of new parks and playgrounds; the erection of a municipal wharf at the north foot of Grand street; and the erection of an emergency hospital.

The present bonded indebtedness of the city of Alameda is \$20,000.

WATER RATE WILL BE FIXED BY COUNCIL. ALAMEDA, June 6.—Representatives of the Peoples Water company have been asked to attend the meeting of the city council tonight when the water rate for the fiscal year will be fixed.

The present rate is 30 cents per 1000 gallons. Council President E. B. Bullock, chairman of the finance committee, stated today that this rate would not be increased.

Demands for larger mains and greater pressure will be made by the city upon the water company officials.

YOUTHFUL PRISONER SHIELDS HIS FAMILY

MARTINEZ, June 6.—Robert Houllhan, 20 years of age, refused to tell Superior Judge R. H. Latimer yesterday the name of his family, which resides in Cleveland, O., and is said to be wealthy and influential, and the youth was sentenced to serve a term of fifteen months in San Quentin on a charge of second degree burglary. Houllhan stated that he would rather go to prison than tell his real name.

The boy was arrested several weeks ago when caught in the act of robbing the room of a friend in a Port Costa hotel. When arraigned last Saturday he entered a plea of guilty. He said that Houllhan was not his name. He refused to divulge that, stating that he did not desire to bring disgrace on his family, which he claims is one of the wealthiest in Cleveland.

COUNCIL COMMITTEE WILL HEAR PROTESTS

ALAMEDA, June 6.—A special meeting of the utilities committee of the city council will be held Thursday evening to confer with the protestants who are opposing the granting of a power line franchise on West Buena Vista avenue to the Southern Pacific company.

A large delegation of the local members is making the trip, which was planned by Ignatius Council, Y. M. I., of San Francisco. The party is limited to 500 tourists.

Smith and Leroux have been instrumental in forming the Young Men's Institute band of this city, which accompanied the party to Yosemite. The band was given a special invitation by Ignatius Council to make the trip.

BOARD OF TRADE PLANS INNOVATION

Berkeley Commercial Body to Have Well Known Speakers at Fortnightly Meeting.

BERKELEY, June 6.—Semi-monthly special meetings, to be held in the Hotel Shattuck and addressed by prominent speakers, were planned by the Berkeley board of trade at its regular session in the office of the Berkeley Land company last evening.

Arrangements were also made for a campaign to obtain 200 more members for the organization.

The first special meeting is to be held in the lounge room of the Shattuck next Monday evening. The Wagona club orchestra is to furnish music during the evening.

Added impetus is given to the effort to secure more members by the existence of a deficit created by the holding of the first flower festival this spring. With the experience gained by the initial carnival it is expected that future affairs will be self-supporting.

The manager of the Rex theater has announced that he will donate the proceeds of one night's performance to the board of trade.

The following have been invited to address the fortnightly meetings of the organization: Friend W. Richardson, Benjamin Ide Wheeler, Colonel John P. Irish, A. Denison, secretary of Oakland Chamber of Commerce; Supervisor F. W. Foss, Frank J. Woodward and E. A. Jackson, secretary Young Men's Christian Association.

JOHNSON'S RUSE GETS STATEROOM

Captain of Liner Fears Trouble When Negro Makes Appearance.

NEW YORK, June 6.—Dark clouds appeared on the horizon for the North German Lloyd steamship Kronprinz Wilhelm, which steamed today, because Jack Johnson has engaged the chief engineer's room.

Johnson applied in person for the stateroom, for accommodations on board the steamships are very much spoken these days, and the Kronprinz Wilhelm was booked solid several days ago. After that the higher officers are allowed to let out their quarters for a bonus. Some mysterious stranger engaged the room of Herr Bierens, chief engineer, and late yesterday, when the call came for names, the stranger sent them in for his principals. Mr. and Mrs. Jack Johnson. It cost them \$750.

Captain Nierich will have a problem on his hands when it comes to seating his passengers in the first-class dining saloon, for it is believed there will be many protests when some of the other passengers learn who is to be among them. The rooms of the first and second engineers have been engaged by O. M. Von Bernuth of New York and Baron Von Ende of San Francisco. Among the other passengers of note is Prince Franz von Und zu Lichtenstein.

A rumor that Johnson's solid filling of Johnson's teeth also appeared at the Custom-house yesterday, where the fighter registered a quantity of jewelry which he and his wife will take aboard.

Johnson said that he did not want any trouble with the gems when he returned to this country, and that he might also register two automobiles before his departure. Before leaving the building he had a few minutes' chat with Collector Loebe.

TRAINER'S IRON NERVE SAVES HIM FROM DEATH

NEW YORK, June 6.—George Palmer, assistant keeper of reptiles at the Bronx Zoological Gardens, had a thrilling escape from death yesterday because his trained nerves enabled him to pose as a statue while a diamond-back rattlesnake crawled over him.

The incident occurred as Palmer proceeded to feed a den of six deadly diamond-backs. As he unlocked the wooden door of the cage a huge rattlesnake fell on his arm. His head lay on Palmer's shoulder, two inches from his chin. Palmer kept perfectly still, his muscles set like steel, not a nerve quivering. The keeper did not dare to shout, to move, hardly to breathe. He stood simply waiting.

For a moment the giant rattler lay sluggishly along his arm, then it raised its flat, triangular head close to his cheek and worked itself up, farther and farther behind his shoulder, finally sliding to the floor.

POSTPONE NAMING UNIVERSITY HEAD

Successor to Woodrow Wilson Will Be Given to One of Two Favorites.

PRINCETON, N. J., June 6.—The election of a president of Princeton University to succeed Governor Woodrow Wilson of New Jersey has been indefinitely postponed. Up to a few days ago it was thought certain that the special nominating committee would make a report at commencement time. It is now declared, however, that the committee is still undecided.

The two candidates most frequently named are President John H. Finley, of the College of the City of New York, and John Geyer Hibben, professor of logic at Princeton.

Professor Hibben is a Princeton alumnus, while President Finley is not, though at one time he was professor of politics there, forming an intimate friendship with the late ex-President Cleveland, then a resident of Princeton.

RELEASE SUSPECT. MANILA, June 6.—The staydown on the British steamer Proteus, which was believed to be "Peter the Painter," wanted in connection with the Hounds Ditch shooting affray in London, turns out to be a tramp. He has been released from custody.

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others, you may publish my letter."—Mrs. NATHAN B. GREASON, 61 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

Between Broadway and Franklin Sts. BRANDS MILLIONAIRE RESIDENTS 'WELCHERS'

REDWOOD CITY, June 6.—That the incorporation of Hillsborough, "Municipality of Millions," was obtained by fraud and should be legally assailed by the Attorney-General of the State, was the declaration made yesterday by Supervisor William H. Brown, at a meeting of the Board of Supervisors of San Mateo county here.

He referred to Henry T. Scott, Charles Tompkins Crocker, Eugene de Sabia, Thomas A. Driscoll, Walter S. Hobart, George Pope, George Howard, Charles W. Clark, Eugene Murphy, Walter S. Martin, Christian de Guigne, William H. Crocker, Glen Tobin and Henry P. Bowie as "welchers," because they had failed to live up to their "gentlemen's agreement" to pay \$700,000 annually for eight years into the road fund of the second township to acquire the privilege of creating the city aristocratic.

KILLED ON THE TRACKS.

PENDELTON, Ore., June 6.—The body of a man severed in two places was found on the tracks of the Oregon-Washington Railroad and Navigation Company, eleven miles east of Pendleton. Letters on the body lead to the belief that Victor Fahl, one time of Wilsall, Mont., is the name of the dead man.

HEALTHY MOTHERS

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

50,000 VOLTS PASS THROUGH HIS BODY

VISALIA, June 6.—With the flesh literally dropping off his body, Fay Clark, a young man employed as station tender for the Mt. Whitney Power and Electrical Company at Lindsay, was pulled from the corrugated iron station at Tulare after an arc had caused the charging of the iron structure with 50,000 volts of electricity. Clark, who was sitting with his chair tilted against the iron wall, was hurled to the floor. He was hurried to a hospital, where it was found that he was frightfully burned about the chest, neck, stomach and lower limbs. He cannot recover.

F. S. Rorford, 615 New York Life Bldg., Kansas City, Mo., says: "I had a severe attack of a cold which settled in my back and kidneys and I was in great pain from my trouble. A friend recommended Foley's Kidney Pills and I used two bottles of them and they have done me a world of good." Wishart's Drug Store, Tenth and Washington Sts.

DARTMOUTH ADMITTED TO BASKETBALL LEAGUE

PHILADELPHIA, June 6.—As a result of a mail vote taken since the annual spring meeting in March, Dartmouth College, it was announced today that Secretary Ralph Morgan has been admitted to membership in the intercollegiate basketball league, which heretofore has been composed of five universities—Yale, Pennsylvania, Princeton, Cornell, and Columbia. The New Hampshire team will be probably coached by Harry Hillman of the New York A. C. The intercollegiate league will hold a special meeting in New York on June 15 to rearrange next year's schedule.

OAKLAND AUDIENCE PAYS TRIBUTE TO IZETTA JEWELL

MISS IZETTA JEWELL, who opened an engagement at Ye Liberty Playhouse last night.

Flowers and applause paid a mighty tribute to Miss Izetta Jewell when she opened her season at Ye Liberty in Israel Zangwill's "Merely Mary Ann." It was an honor that Oakland audiences do not often pay to those on whom the spotlight falls. But local theatergoers are partial to favorites, and Izetta Jewell long ago won her way into their good will. And so it was natural that the floral pieces were many and elaborate and the applause deafening, last night. The "glad to see you back" spirit was rampant, ran riot, filled the playhouse and permeated into the dressing rooms off stage.

"Merely Mary Ann" is one of those plays in which you like to dream of seeing your favorite actress. It is the story of a simple love affair, well enough known to Oakland, but its very simplicity makes it a hard thing to handle.

DIFFICULT CHARACTER. Mary Ann isn't the easiest character in the world to portray and it rounds to the credit of Miss Jewell that she has made of the part something that would not be wrongly called a creation. The actress loses her identity in the puppet, displaying her ability as an actress, in the fullest meaning of the term, as she does in no other portrayal.

CYNICAL LANCELOT. Edward Fielding makes of Bertram Lancelot a cynical creature rather than a tip-toeing Eshelman, as the composer has been made previously. James Gleason does good work as Peter; Henry Shum's Herr Brahms and George Webster's Rev. Samuel Smedley are characters delightfully portrayed and consistently handled. Mrs. Leadbatter and Rosie, her daughter, are safe in the hands of Mrs. Mina Gleason and Miss Maribel Seymour, respectively. The Liberty company is well-cast throughout and the play well-staged from every standpoint.

The Izetta Jewell season opened with a combination of star, support and play that would be hard to beat anywhere. "Rosalind at Red Gate" will be next week's offering.
